17TH YEAR. NO. 277.

EAST LIVERPOOL, O., SATURDAY, MAY 4, 1901.

TWO CENTS

## GRAND JURY'S FINAL REPORT WAS SUBMITTED TO COURT

It Shows a Total of 91 Indictments Out of 96 Cases Which Were Investigated by the Body.

## THE VAST MAJORITY WERE LIQUOR CASES

Prisoners Arraigned and Wm. Call, Sam Dawson, Drexel Lowery and Patrick McGill Pleading Guilty—Call Got Three Years to the Penitentiary—Dawson and Lowery Will Probably Be Sent to the Industrial School—Dave Brown to Stand Trial.

Lisbon, May 4.—(Special.)—Judge Rogers, of Youngstown, opened court yesterday afternoon to receive the final report of the grand jury and discharge the jurors. The prisoners who are in jail were brought into court and arraigned.

William Call, who robbed Faulk Bros. mill in East Liverpool, pleaded guilty and was sentenced to three years to the penitentiary at Columbus. Call has served one term in the Mansfield reformatory for a similar offense.

Patrick McGill, of East Liverpool, who unhitched a horse on the square in this city several weeks ago, pleaded guilty and was sentenced to serve 90 days in the Canton workhouse and fined \$50 and costs.

Samuel Dawson and Drexel Lowery, East Liverpool boys, pleaded guilty to breaking into the store of the Milligan Hardware company and stealing revolvers and cartridges. They are under 16 and were turned over to Judge Boone. They will probably be sent to the industrial school.

All the other prisoners, including Dave Brown, of East Liverpool, pleaded not guilty to the charges against them, and their cases will be assigned for a hearing next week.

The final report of the grand jury shows 91 indictments returned, the majority being liquor cases. Ninety-six cases were investigated and five ignored. One hundred and forty-three

witnesses were examined. The jury visited the county jail and condemned it, as usual.

The grand jury was discharged and court adjourned until Monday at 1 p. m.

The Fairfield Coal company will be compelled to defend an action for \$10,000 damages filed this afternoon by Mrs. Mina Meek, administratrix of the estate of Sylvester Meek, of East Palestine. Prior to August, 1899, Meek was employed by the company. While in discharge of his duties he was working about the water tank when the pipe burst and fell upon him, killing him instantly. The tank was erected on a scaffolding ten feet from the ground and the accident is alleged to have been due to the fact that the scolding had become defective. It is claimed that reasonable care on the company would have averted the accident.

The assignment of cases for next week has been made as follows:

Monday—Wm. H. Harding vs. B. F. Sturgeon, executor.

Tuesday—Joseph Oyster vs. Aquila Johnson.

Wednesday—Ohio vs. Irvin H. Busler; Ohio vs. David Brown; Ohio vs. William Bell and John Healey; Ohio vs. Harry Kemp.

Thursday—Ohio vs. John Gales; Ohio vs. James Blind; Ohio vs. David Thomas; Ohio vs. Richard Gibb; Ohio vs. Roland Edwards.

## ANNUAL FIELD DAY.

ATHLETIC EXERCISES OF THE HIGH SCHOOL ARRANGED FOR.

May 31 the Date—The Occasion Promises to Be of Unusual Interest.

On Friday afternoon, May 31, the annual field day of the high school will be held, and the occasion promises to be the most successful yet held.

Arrangements have been made for a number of events, one of which will be a base ball game between the high school team and the Northsiders.

The entire afternoon will be given over to the various sports usually indulged in on regular college field days.

The entire membership of the high school will participate in the events, and as much more interest is being taken on this occasion than in former years, there is every reason to believe it will be a success.

## BLASTED THE ROCK.

Men Kept Busy All Night Clearing Up the Street Railway Track.

The force of workmen employed in cleaning the rock and earth from the street railway tracks near Walker, finished their work at an early hour this morning and the first car out today was enabled to go over the line to Wellsville.

Some of the rocks which fell upon the track yesterday noon were so large that it was necessary to shoot them to pieces. The men worked all night, and the blasting continued at intervals until early this morning.

The track men were at once put to work near the spot where the bank caved in, and the road will be made thoroughly safe before they quit.

## STRUCK BY LIGHTNING

THE HOUSE OF GIDEON STANLEY DAMAGED.

Family Greatly Alarmed But Not Injured—The House Dog Killed.

The home of Gideon Stanley, one and one-half miles north of Fredericktown, was struck by lightning during the thunder storm on Thursday evening.

The family had retired only a short time before, and were greatly alarmed when the flash came. A valuable shepherd dog was permitted to come into the house on account of being frightened by the lightning, and when the building was struck the dog was only a few feet from the spot and was instantly killed. The dog was a very valuable one, and was highly prized by the owner.

The house caught fire and it was extinguished with great difficulty. The damage was not great.

## FROM THE FAR-OFF AZORES

Comes a Loud Call for a Dress Suit And It Will Receive Attention.

Youngstown, May 4.—In the far-off Azores George H. Pickerell, of Youngstown, Uncle Sam's representative, wants a dress suit. The Azores cannot furnish him the proper thing. He would not think of patronizing London, Paris or Lisbon. It is to Youngstown he turns, and he will get his suit.

The suit is to grace a swell reception of representatives of the great powers of the old and new worlds. He wants the suit up to date and fit to astonish the natives. He has written to his former tailor here a plaintive letter and the tailor will make the suit and forward it with all possible haste.

## CHESTER MILL LIKELY TO START

A Visit of a Large Party of Mill Directors to the South Side.

## ARRIVED ON A SPECIAL CAR

Inspected the Mill And the Town And Were Pleased With Both—Strong Probability That the Plant Will Be Put in Operation to Supply Demand

Chester was excited again this morning by talk that the sheet mill was about to be put in operation. The arrival in a special car over the Pan-handle, of a party of 10 directors and stockholders of the American Tinplate company, gave rise to the report. Included in the party were W. B. Lee, W. M. Lee, Richard Banfield, J. W. Armes and George Goldsmith.

The gentlemen reached Chester on the morning train and at once proceeded to make a thorough inspection of the Chester plant. None of them would talk of the object of their visit, but from all that could be gleaned, their visit may be taken as an indication that the sheet mill is soon to be placed in operation.

The mill owners expressed themselves as well pleased, both with Chester and with the mill, and stated they believed it was a town with a prosperous future.

The party came to Chester direct from Elwood, Ind., this morning, after spending two days inspecting the sheet mill at that point. They are now on a tour of inspection, having examined the sheet mills at Gas City, Anderson and Elwood, Ind. After examining the mill at Chester they also examined the mill at Wellsville.

A gentleman who is in a position to know states that they held a conference after examining the mill and decided to put it in operation. When asked if he thought there was any probability of it being removed to Wellsville he said: "This mill will never be removed to Wellsville or any other town. When the trust people get ready to start the mill it will be put in operation right here. It cost about \$200,000 to build it, and the trust people will not spend that much more to tear it down and rebuild it somewhere else. There would be no advantage in changing it, as the trust gets the same freight rates here that they do at any of their other mills. The talk about moving it to Wellsville is nonsense. There could be no possible advantage gained by so doing."

When asked how he accounted for the fact that the machinery was being removed if it was the intention to start the mill, he said: "They have only taken out machinery which is necessary for the manufacture of a certain kind of sheets that will not be made here. They can place the plant in operation at any time they care to do so."

The scarcity of black plate for the tinplate mills has led to the starting of many idle sheet steel mills, and it is probable that the Chester mill will be started on black plate.

The party went from Wellsville to Wheeling.

## BLIND GIRL COMPLAINS

Alleges That a Neighbor Struck Her With a Board—A Note of Warning.

Ella Reese, a blind girl from Walker's, came to the office of Justice McLane last evening and asked permission to file a complaint against Mrs. Ella Ammon, who, she alleges, assaulted her with a board.

The justice sized the matter up as being one of those quarrels so common in the community near Walker's and would not take the case. However, he wrote a note to the woman, stating that she would be proceeded against if any further complaints were heard.

## CLAIM FOR DAMAGES

ENTERED BY GEORGE SHAW, WHO BROKE AN ARM.

He Holds That a Stake in the Street Caused the Mishap—Wants City to Pay.

At the next meeting of the city council the body will be asked to make good the damage sustained by a broken arm received by George Shaw.

Mr. Shaw was walking along Sixth street on election day and when at a point immediately in front of T. F. Manley's restaurant, his foot came in contact with a stake, which had been driven into the center of the pavement, and he fell violently to the ground, breaking his left arm.

The stake had been in the pavement for many years, but on each occasion when a frost occurred the end would protrude for several inches, making it an extremely dangerous object.

Mr. Shaw was much more seriously injured than was at first thought and is not yet able to return to his work. He considers it nothing more than right that the damage sustained should be made good, and will ask that his doctor bill, together with the time lost from his work, be paid by the city.

It is thought the matter can be adjusted without litigation, as Mr. Shaw will not ask a greater sum than will barely cover the amount of loss suffered. However, in case it becomes necessary the gentleman is prepared to substantiate his claim, as the stake has been removed and will be preserved. In addition to this it is said that several eye witnesses to the occurrence are ready and willing to testify.

## DETAILS SETTLED.

FINAL MEETING OF THE CONFERENCE COMMITTEE.

Agreement Between Manufacturers And Operatives Now in Shape for Signatures.

President Hughes and Secretary Duffy met with the chairman and secretary of the manufacturers' conference committee in the Potters' club rooms last evening and the few details which yet remained to be arranged, were completed.

The agreement is now in shape for the signatures of the parties thereto, and it will likely be signed today.

The manufacturers have already appointed their committees to look after the three questions still unsettled, and when President Hughes has consulted with the members of the various trades affected, the operatives' representatives will be announced. This will probably be done Monday.

The pottery at Peoria, Ill., has been closed and William George has severed his connection with the concern. Eight clay hands, who have been employed there, arrived in the city last evening, and will endeavor to secure employment at some of the local plants.

## BACK FROM FLORIDA.

Mr. and Mrs. C. Halstead Return—He Went There for Health And Got Fever.

Mr. and Mrs. C. Halstead returned to their home in the West End this morning from Fitzgerald, Fla. Mr. Halstead is ill with consumption and went to Florida several months ago for the benefit of his health. He was taken ill with fever and the doctors there ordered him to return to his home as soon as he was able to travel and his wife left for the south one week ago for the purpose of bringing him home.

They made a quick trip, having left Fitzgerald last Thursday morning.

## SEVEN LIVES LOST

In the Jacksonville Fire—148 Blocks of the City Swept Away.

Jacksonville, Fla., May 4.—(Special.)—The fire of yesterday swept over 148 blocks of the city. Latest reports show that seven persons lost their lives.

## FREE DELIVERY ROUTES FIXED

The Service to Be Established at Lisbon Covering 84 Miles.

## 485 FAMILIES TO BE SERVED

There Will Be Four Routes, for Which Carriers Have Been Chosen—Another Route at Negley—Lucerne Postoffice to Be Discontinued.

Lisbon, May 4.—(Special.)—Lisbon is to be the center for rural free delivery service, which has been established by officials at Washington. Postmaster E. F. Moore has been working for this for some time, and has at last succeeded in having the lines established. Word from Washington says that the several routes cover 84½ miles, and that 485 families will be served.

Those appointed to carry the mails are Hugh Morrow, F. E. Huston, H. S. McBride and D. W. Pepple, all of whom are good, steady men. The establishment of these four routes will be good news to the many farmers who have been looking forward to the convenience. The postoffice at Lucerne will be abolished and mail will be sent here for distribution.

A route has also been established at Negley, serving 140 houses, and the postoffice at Anchor will be discontinued, the mail going to Negley. J. A. Thomas has been appointed carrier.

## PONY RAN AWAY

Became Frightened at a Car And Gave Those in the Vehicle a Scare.

The brown pony belonging to John McNicol ran off on Sixth street this morning, and the two young ladies who occupied the buggy with him jumped to save themselves.

The outfit was being driven up Franklin street when the animal became frightened at a car and stopped immediately in front of the car. It then turned into Sixth street and was making its way up the street at a rapid rate when captured by the driver of a baker's wagon. Young McNicol pluckily held to the lines and did his best to stop the runaway, but was unable to do so.

## GO TO BELLEFONTAINE

The G. A. R., W. R. C. And S. of V. Select Delegates to the Encampment.

Justice Rose, Justice McLane, M. Anderson and N. A. Frederick, representing the Grand Army; Mrs. R. L. Herbert, Mrs. T. O. Timmons, from the Woman's Relief Corps, and R. E. Nichols, S. T. Herbert, F. W. Timmons and J. J. Rose delegates and past officers of the Sons of Veterans will leave on Monday to attend the annual meetings of their several organizations, which will be held in Bellefontaine next week. The meetings promise to be the most successful ever held.

## CAUGHT A STRANGE BIRD.

Peculiar Feathered Biped Captured Near Salem.

Salem, May 4.—While rambling in the country yesterday a mile and a half northwest of the city, Conrad Reich and William Schroy captured a peculiar aquatic bird, which is thought to belong to some South American species. The bird measures 34 inches in length and three feet from tip to tip of its wings.

When first seen by its captors, it was swimming about in a pond, and ferociously attacked the dogs that approached it. After pursuing it for some time, however, Mr. Reich finally succeeded in seizing it by the neck and the bird is now a captive at the home of William Schroy in East Main street. It somewhat resembles a sand crane.

# EAST END.

## WELLS FOR THE POTTERIES

SUPPLY OF PURE DRINKING WATER IS FAVORED.

The Example of the Laughlin Plant in Providing It Likely to Be Copied.

Contractor Moore has moved his drilling machinery and engine from the Laughlin plant to the National pottery and will begin work on the well at that place at once. It is thought this well will be completed in about a week and the employees say that it cannot be done too soon, as they are heartily tired of drinking the unhealthy and impure river water. The well will do away with the necessity of purchasing ice during the summer, and it is said that the ice bills of the different shops for one season will more than pay for the expense of drilling.

It is said that a move is on foot among the employees of the East End plant to have a well drilled there. A prominent pottery man, in speaking of the matter this morning, said:

"I would not be surprised if this plan, which was first started by the kiln hands at the Laughlin plant, would reach every pottery in the city. The move was first started by the employees, but the manufacturers so far have contributed liberally and no doubt would do so at all the potteries. If the movement was started simultaneously in all the potteries in the city, no difficulty would be experienced in raising the required sum, as everyone would subscribe freely, knowing that he would be supplied with pure water, whether he held his present position or changed to some other plant. It would not be very good for the ice man and the doctors, as it would do away with the use of ice water in the potteries and would prevent a great many cases of fever and other illness which occurs every year as the result of drinking river water."

The matter is being considered at a number of the potteries and as a very small subscription from each employee would be sufficient to meet the expense it is likely the plan will be carried out.

## UGLY THREATS

ALLEGED TO HAVE BEEN MADE BY MARTIN ELLIOTT.

John C. Reed, of Georgetown, Says His Life Was Threatened—Case Dismissed.

Martin W. Elliott was arraigned before Justice Carman yesterday afternoon on a charge preferred by John C. Reed, of Georgetown, Pa., who alleged that "the said Martin W. Elliott did violently and menacingly assault him and did threaten his life."

The trouble was started over a load of hay, which, it appeared, Elliott had ordered from Reed and refused to accept, because, he says, it was not as good as it was represented. Hot words ensued and Reed was ordered to leave the shop. He did not do so and finally the lie was passed.

Reed stated that at this point Elliott seized a hatchet and started for him, threatening to "cut his heart out." Disinterested parties got between the men, and Reed repaired to the 'squire's office and swore out the warrant. In the hearing which followed the witnesses for each side swore to almost entirely opposite stories. The preponderance of evidence, however, was on the side of the defense, and as the charge was not sustained, the case was dismissed, the prosecution paid the costs.

## New Decorating Kiln.

The National pottery has just completed the erection of a new decorating kiln which will increase the capacity of that department about one-third. The business at this plant is very brisk and large shipments are made daily.

## Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

**Wine of Cardui**

Rockford, Tenn., Aug. 16, 1899.  
I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get a hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

## WELLS FOR THE POTTERIES

SUPPLY OF PURE DRINKING WATER IS FAVORED.

The Example of the Laughlin Plant in Providing It Likely to Be Copied.

Contractor Moore has moved his drilling machinery and engine from the Laughlin plant to the National pottery and will begin work on the well at that place at once. It is thought this well will be completed in about a week and the employees say that it cannot be done too soon, as they are heartily tired of drinking the unhealthy and impure river water. The well will do away with the necessity of purchasing ice during the summer, and it is said that the ice bills of the different shops for one season will more than pay for the expense of drilling.

It is said that a move is on foot among the employees of the East End plant to have a well drilled there. A prominent pottery man, in speaking of the matter this morning, said:

"I would not be surprised if this plan, which was first started by the kiln hands at the Laughlin plant, would reach every pottery in the city. The move was first started by the employees, but the manufacturers so far have contributed liberally and no doubt would do so at all the potteries. If the movement was started simultaneously in all the potteries in the city, no difficulty would be experienced in raising the required sum, as everyone would subscribe freely, knowing that he would be supplied with pure water, whether he held his present position or changed to some other plant. It would not be very good for the ice man and the doctors, as it would do away with the use of ice water in the potteries and would prevent a great many cases of fever and other illness which occurs every year as the result of drinking river water."

The matter is being considered at a number of the potteries and as a very small subscription from each employee would be sufficient to meet the expense it is likely the plan will be carried out.

## UGLY THREATS

ALLEGED TO HAVE BEEN MADE BY MARTIN ELLIOTT.

John C. Reed, of Georgetown, Says His Life Was Threatened—Case Dismissed.

Martin W. Elliott was arraigned before Justice Carman yesterday afternoon on a charge preferred by John C. Reed, of Georgetown, Pa., who alleged that "the said Martin W. Elliott did violently and menacingly assault him and did threaten his life."

The trouble was started over a load of hay, which, it appeared, Elliott had ordered from Reed and refused to accept, because, he says, it was not as good as it was represented. Hot words ensued and Reed was ordered to leave the shop. He did not do so and finally the lie was passed.

Reed stated that at this point Elliott seized a hatchet and started for him, threatening to "cut his heart out." Disinterested parties got between the men, and Reed repaired to the 'squire's office and swore out the warrant. In the hearing which followed the witnesses for each side swore to almost entirely opposite stories. The preponderance of evidence, however, was on the side of the defense, and as the charge was not sustained, the case was dismissed, the prosecution paid the costs.

## New Decorating Kiln.

The National pottery has just completed the erection of a new decorating kiln which will increase the capacity of that department about one-third. The business at this plant is very brisk and large shipments are made daily.

### FAMOUS OLD ALAMO

President McKinley and His Party  
Are Visiting San Antonio  
Today.

### GRAND RECEPTION AT AUSTIN

Gov. Sayers Met the Guests at Houston, Where Also There Was a Pleasing Welcome—President Spoke to Colored Students Near Prairie View.

Austin, Tex., May 4.—At 10:30 last night the presidential party left for San Antonio, famous for its Alamo and its Spanish missions, where this morning was to be spent. The train was due to arrive at San Antonio at 1:15, where it was to remain on a side track until time to arise.

The arrival of the train at Houston was heralded by a volley from a battery on the bank of the Buffalo bayou. Business had been suspended in Houston, and the surrounding country seemed to have emptied itself into the city. An elaborate program was crowded into less than two hours. The Houston Light Guards, the crack military company of Texas, which acted as guard of honor for Jefferson Davis on his visit there in 1875, and a company of cowboy rangers, escorted the party in carriages through the decorated city. For several blocks the parade moved between lines of school children, who waved flags and strewed the president's path with flowers. At a handsome arch on Polk avenue the president was presented with a floral piece by colored residents. Before a big and enthusiastic audience at the Auditorium Mr. McKinley was formally welcomed by the governor and made a happy response. Members of the cabinet also spoke briefly.

#### Touching Incident occurred.

At the conclusion of the speeches a touching incident occurred. A feeble old lady came forward and presented Mr. McKinley with a small silk flag of the Lone Star state. She was the widow of Anson Jones, the last president of the republic of Texas. The word of the staff was from the old capitol building at Columbia.

While at Houston the president shook hands with an old army comrade, J. M. Fellows, who was a sergeant in the Third Ohio when the

president was a private in the same regiment. Mr. Fellows was extremely proud of the fact that he had at one time outranked the chief magistrate.

At Prairie View, some miles beyond Houston, where the state normal and colored industrial school is located, a stop was made to permit the president to receive the greetings of the students and directors. The exercises took place at a cross road on the open prairie. The school buildings were discernable on the horizon. Thousands of western range horses, and every kind of nondescript vehicles, which had been used to bring the people, formed a novel picture. The president made an earnest speech, addressing himself entirely to the colored students.

Governor Sayers and other prominent state officials met the president at Houston, the first stopping place inside the state, and accompanied him as far as Austin, the capital. Minute stops were made also at Hempstead, where the president shook hands with a number of people; at Brenham, the home of Colonel Gedings, one of the president's old colleagues in the house of representatives, and at Elgin, at each of which places he spoke a few words. At every station along the route there were cheering crowds.

The feature of the day was the reception accorded the party at Austin, which, like New Orleans, had never before had the honor of entertaining a chief magistrate of the nation. The city was profusely decorated and in the evening there was a brilliant illumination of Congress avenue. Austin never before held such crowds of people. They came from every direction, some hundreds of miles, and literally swamped the hotel accommodations of the city. It was estimated that over 20,000 visitors were here. As the population of Austin is only about 23,000, the tax upon its facilities can be imagined.

#### Aged Enemies Marched Together.

A procession, headed by a fine military band, and consisting of 15 companies of state militia and the Confederate veterans and Grand Army of the Republic organization, marching side by side, escorted the party to the east portico of the magnificent capitol building, where the president addressed a sea of enthusiastic people.

There was a delightful reception in the senate chamber, where the belles of Austin, noted all over Texas for their beauty, received the president and Mrs. McKinley. This function was one of the most charming yet experienced on the trip. Then followed a drive through the city to the State university, where the students, citizens and school children greeted the president.

Later Mr. and Mrs. McKinley, with

the ladies of the cabinet, dined informally at the governor's mansion.

#### To Promote Religious Tolerance.

London, May 4.—The last batch of addresses of condolence at the death of Queen Victoria and congratulation on his accession to the throne was presented to King Edward at St. James palace with the customary ceremonial. The deputations included Catholics, Jews and Presbyterians. The king's replies were practically identical. He promised to unremittingly promote the enjoyment and blessings of religious liberty, tolerance, peace and good will among all classes and religious races.

#### Recommended For Cuban Auditor.

Washington, May 4.—Secretary Gage recommended to the war department the appointment of Jared D. Terrell, of Michigan, as auditor for Cuba, at \$5,000 a year. The salary is paid out of the Cuban revenues. Mr. Terrell is chief law clerk in the office of the comptroller of the treasury.

#### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Palm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug gist.

#### Penny Not After Atchison.

Philadelphia, May 4.—T. DeWitt Cuyler, a director of the Pennsylvania Railroad company, emphatically denied the published reports that the Pennsylvania Railroad company had secured or is trying to secure a representation in the affairs of the Atchison, Topeka and Santa Fe railroad.

#### WEATHER FORECAST.

Ohio, Western Pennsylvania and West Virginia—Fair today and tomorrow; warmer; variable winds.

### FAMOUS OLD ALAMO

President McKinley and His Party  
Are Visiting San Antonio  
Today.

### GRAND RECEPTION AT AUSTIN

Gov. Sayers Met the Guests at Houston, Where Also There Was a Pleasant Welcome—President Spoke to Colored Students Near Prairie View.

Austin, Tex., May 4.—At 10:30 last night the presidential party left for San Antonio, famous for its Alamo and its Spanish missions, where this morning was to be spent. The train was due to arrive at San Antonio at 1:15, where it was to remain on a side track until time to arise.

The arrival of the train at Houston was heralded by a volley from a battery on the bank of the Buffalo bayou. Business had been suspended in Houston, and the surrounding country seemed to have emptied itself into the city. An elaborate program was crowded into less than two hours. The Houston Light Guards, the crack military company of Texas, which acted as guard of honor for Jefferson Davis on his visit there in 1875, and a company of cowboy rangers, escorted the party in carriages through the decorated city. For several blocks the parade moved between lines of school children, who waved flags and strewed the president's path with flowers. At a handsome arch on Polk avenue the president was presented with a floral piece by colored residents. Before a big and enthusiastic audience at the Auditorium Mr. McKinley was formally welcomed by the governor and made a happy response. Members of the cabinet also spoke briefly.

#### Touching Incident occurred.

At the conclusion of the speeches a touching incident occurred. A feeble old lady came forward and presented Mr. McKinley with a small silk flag of the Lone Star state. She was the widow of Anson Jones, the last president of the republic of Texas. The word of the staff was from the old capitol building at Columbia.

While at Houston the president shook hands with an old army comrade, J. U. Fellows, who was a sergeant in the Third Ohio when the

president was a private in the same regiment. Mr. Fellows was extremely proud of the fact that he had at one time outranked the chief magistrate.

At Prairie View, some miles beyond Houston, where the state normal and colored industrial school is located, a stop was made to permit the president to receive the greetings of the students and directors. The exercises took place at a cross road on the open prairie. The school buildings were discernable on the horizon. Thousands of western range horses, and every kind of nondescript vehicles, which had been used to bring the people, formed a novel picture. The president made an earnest speech, addressing himself entirely to the colored students.

Governor Sayers and other prominent state officials met the president at Houston, the first stopping place inside the state, and accompanied him as far as Austin, the capital.

Minute stops were made also at Hempstead, where the president shook hands with a number of people; at Brenham, the home of Colonel Gedings, one of the president's old colleagues in the house of representatives, and at Elgin, at each of which places he spoke a few words. At every station along the route there were cheering crowds.

The feature of the day was the reception accorded the party at Austin, which, like New Orleans, had never before had the honor of entertaining a chief magistrate of the nation. The city was profusely decorated and in the evening there was a brilliant illumination of Congress avenue. Austin never before held such crowds of people. They came from every direction, some hundreds of miles, and literally swamped the hotel accommodations of the city. It was estimated that over 20,000 visitors were here. As the population of Austin is only about 23,000, the tax upon its facilities can be imagined.

#### Aged Enemies Marched Together.

A procession, headed by a fine military band, and consisting of 15 companies of state militia and the Confederate veterans and Grand Army of the Republic organization, marching side by side, escorted the party to the east portico of the magnificent capitol building, where the president addressed a sea of enthusiastic people. There was a delightful reception in the senate chamber, where the belles of Austin, noted all over Texas for their beauty, received the president and Mrs. McKinley. This function was one of the most charming yet experienced on the trip. Then followed a drive through the city to the State university, where the students, citizens and school children greeted the president.

Later Mr. and Mrs. McKinley, with

the ladies of the cabinet, dined informally at the governor's mansion.

#### To Promote Religious Tolerance.

London, May 4.—The last batch of addresses of condolence at the death of Queen Victoria and congratulation on his accession to the throne was presented to King Edward at St. James palace with the customary ceremonial. The deputations included Catholics, Jews and Presbyterians. The king's replies were practically identical. He promised to unremittently promote the enjoyment and blessings of religious liberty, tolerance, peace and good will among all classes and religious races.

#### Recommended For Cuban Auditor.

Washington, May 4.—Secretary Gage recommended to the war department the appointment of Jared D. Terrell, of Michigan, as auditor for Cuba, at \$5,000 a year. The salary is paid out of the Cuban revenues. Mr. Terrell is chief law clerk in the office of the comptroller of the treasury.

#### Sciatic Rheumatism Cured After Fourteen Years of Suffering.

"I have been afflicted with sciatic rheumatism for fourteen years," says Josh Edgar, of Germantown, Cal. "I was able to be around, but constantly suffered. I tried everything I could hear of and at last was told to try Chamberlain's Pain Palm, which I did and was immediately relieved and in a short time cured, and I am happy to say it has not since returned." Why not use this liniment and get well? It is for sale by Alvin H. Bulger, drug gist.

#### Penney Not After Atchison.

Philadelphia, May 4.—T. DeWitt Cuyler, a director of the Pennsylvania Railroad company, emphatically denied the published reports that the Pennsylvania Railroad company had secured or is trying to secure a representation in the affairs of the Atchison, Topeka and Santa Fe railroad.

#### WEATHER FORECAST.

Ohio, Western Pennsylvania and West Virginia—Fair today and tomorrow; warmer; variable winds.

## AN ISTHMIAN CANAL.

It is reported that Sir Julian Pauncefote will take with him to England a rough draft of a treaty prepared by Secretary Hay and approved by a majority of the United States senators. This treaty, which it is hoped England will ratify, is something of a compromise on each side. It abrogates the Clayton-Bulwer treaty and ensures the absolute neutrality of any canal which the United States may build across the isthmus of Panama. There is a strong feeling in many quarters that the ship canal, when built, shall be fortified and that the United States shall have absolute authority to keep it open or closed in time of war. But it will be as much an international waterway as the Suez canal, which, although owned and controlled by the British government, is open to the ships of all nations. As to fortification, Admiral Dewey and other naval experts say it would be a needless expense. The best defense the canal could have would be an efficient and well directed navy, and a few war vessels near the canal entrances would be far more effective in keeping enemy's ships away than any amount of land fortifications. The argument is a most forcible one.

The canal question is likely to be one of the most important that will come before congress at the next session. It should be settled and not dallyed with, that the great work may be begun as soon as possible. There is no reason for delay. Commissions have made their reports and congress is in possession of as full information as it is likely to get as regards routes and probable cost. The nation is prosperous and can well afford appropriations for a work which, when completed, will be of incalculable benefit to the commerce of the United States and that of the whole world. President McKinley is reported desirous of seeing the canal begun during his term of office. It will be one of the great achievements of the twentieth century, and the present capable and conservative administration is just the one to see it started and started rightly.

With new possessions both in the eastern and western hemisphere the necessity for a canal becomes more apparent every day. The great work will be costly, but it will pay for itself in a few years. All intelligent, far-seeing men in the country are as eager as President McKinley to have the preliminaries settled and the construction of the great waterway begun. The isthmian ship canal has been talked of for a hundred years; the nation is now big and rich enough to take the subject in hand, cease talking about it and go to work.

## FIGHTING FOR DEAD LAWS.

Pennsylvania has some laws on its statute books that were made just after the Revolutionary war and have never been changed or amended. They relate to the observance of Sunday and forbid unnecessary labor on that day. Under them every street car, passenger train and steamboat not carrying the United States mails could be stopped from running on the first day of the week, so good lawyers contend. Yet nobody thinks of stopping these public conveyances, and fines under the antiquated blue laws are

few and infrequent. Peanut vendors, sellers of ice cream and soda water, tobacconists and other small tradesmen who have not a pull with the authorities suffer now and then the penalty prescribed for Sabbath breakers. But the big mills, and railroad and street car companies, which are the chief offenders, are never hauled up or fined.

Yet there are people in Pennsylvania who say the blue laws are a good thing and shudder at the thought of abolishing them. Just now the Pennsylvania legislature is making its biennial attempt to repeal the antiquated laws and protests are pouring in from every quarter. A wholesome observance of the Sabbath is a very excellent thing. But how many people of today would care to walk to church or to have the Sunday trains stop running? How many would like cold dinners, cooked on Saturday, that the cook might rest on Sunday? How many would bar the visits of the milk man and the baker, that their horses might rest? These were the rules that our ancestors followed, but conditions have changed in the last hundred years. Laws that are dead letters are useless; laws that cannot be enforced, and which, if enforced, would cause murmuring and discontent from all classes, had best be wiped out.

The great army of American glass workers are to get an advance of 15 per cent in wages. They would have waited in vain for it had Bryan been elected.

Editor Bryan talks about "apparent prosperity." If he would publish a good paper he might get a glimpse of the real thing.

Editor Bell, of Lisbon, ought to be glad that lightning doesn't strike twice in the same place.

Merchants who advertise will not fail to get their share of the general prosperity.

The Filipino insurrection is now confined to a narrow strip of New England.

Bryan is still for the 1896 platform. The world moves, but he doesn't.

## WONDERFUL CATCH OF FISH

Six Hundred Pounds Taken by One Man, Who Used a Clothes Line for Stringer.

Wooster, O. May 4.—Pitchforks, rakes, hoes and clubs have been the instruments used here during the last few days by men and boys in landing great catches of fish, which weighed from a pound to 20 pounds. All were caught in the lowlands south of the city. It is supposed that the fish were washed out of a private pond, and when the recent flood receded were left in shallow water.

Hundreds of pounds were captured with but little effort. James Kimber, a farmer, is credited with the greatest catch, netting so many that he used the family clothes line for a stringer. It is said that Kimber's haul weighed 600 pounds. The oldest inhabitants have no recollection of so many large fish being caught in the creeks hereabouts. The fish were German carp.

## AN ISTHMIAN CANAL.

It is reported that Sir Julian Pauncefote will take with him to England a rough draft of a treaty prepared by Secretary Hay and approved by a majority of the United States senators. This treaty, which it is hoped England will ratify, is something of a compromise on each side. It abrogates the Clayton-Bulwer treaty and ensures the absolute neutrality of any canal which the United States may build across the isthmus of Panama. There is a strong feeling in many quarters that the ship canal, when built, shall be fortified and that the United States shall have absolute authority to keep it open or closed in time of war. But it will be as much an international waterway as the Suez canal, which, although owned and controlled by the British government, is open to the ships of all nations. As to fortification, Admiral Dewey and other naval experts say it would be a needless expense. The best defense the canal could have would be an efficient and well directed navy, and a few war vessels near the canal entrances would be far more effective in keeping enemy's ships away than any amount of land fortifications. The argument is a most forcible one.

The canal question is likely to be one of the most important that will come before congress at the next session. It should be settled and not dallyed with, that the great work may be begun as soon as possible. There is no reason for delay. Commissions have made their reports and congress is in possession of as full information as it is likely to get as regards routes and probable cost. The nation is prosperous and can well afford appropriations for a work which, when completed, will be of incalculable benefit to the commerce of the United States and that of the whole world. President McKinley is reported desirous of seeing the canal begun during his term of office. It will be one of the great achievements of the twentieth century, and the present capable and conservative administration is just the one to see it started and started rightly.

With new possessions both in the eastern and western hemisphere the necessity for a canal becomes more apparent every day. The great work will be costly, but it will pay for itself in a few years. All intelligent, far-seeing men in the country are as eager as President McKinley to have the preliminaries settled and the construction of the great waterway begun. The isthmian ship canal has been talked of for a hundred years; the nation is now big and rich enough to take the subject in hand, cease talking about it and go to work.

## FIGHTING FOR DEAD LAWS.

Pennsylvania has some laws on its statute books that were made just after the Revolutionary war and have never been changed or amended. They relate to the observance of Sunday and forbid unnecessary labor on that day. Under them every street car, passenger train and steamboat not carrying the United States mails could be stopped from running on the first day of the week, so good lawyers contend. Yet nobody thinks of stopping these public conveyances, and fines under the antiquated blue laws are

few and infrequent. Peanut vendors, sellers of ice cream and soda water, tobacconists and other small tradesmen who have not a pull with the authorities suffer now and then the penalty prescribed for Sabbath breakers. But the big mills, and railroad and street car companies, which are the chief offenders, are never hauled up or fined.

Yet there are people in Pennsylvania who say the blue laws are a good thing and shudder at the thought of abolishing them. Just now the Pennsylvania legislature is making its biennial attempt to repeal the antiquated laws and protests are pouring in from every quarter. A wholesome observance of the Sabbath is a very excellent thing. But how many people of today would care to walk to church or to have the Sunday trains stop running? How many would like cold dinners, cooked on Saturday, that the cook might rest on Sunday? How many would bar the visits of the milk man and the baker, that their horses might rest? These were the rules that our ancestors followed, but conditions have changed in the last hundred years. Laws that are dead letters are useless; laws that cannot be enforced, and which, if enforced, would cause murmuring and discontent from all classes, had best be wiped out.

The great army of American glass workers are to get an advance of 15 per cent in wages. They would have waited in vain for it had Bryan been elected.

Editor Bryan talks about "apparent prosperity." If he would publish a good paper he might get a glimpse of the real thing.

Editor Bell, of Lisbon, ought to be glad that lightning doesn't strike twice in the same place.

Merchants who advertise will not fail to get their share of the general prosperity.

The Filipino insurrection is now confined to a narrow strip of New England.

Bryan is still for the 1896 platform. The world moves, but he doesn't.

## WONDERFUL CATCH OF FISH

Six Hundred Pounds Taken by One Man, Who Used a Clothes Line for Stringer.

Wooster, O. May 4.—Pitchforks, rakes, hoes and clubs have been the instruments used here during the last few days by men and boys in landing great catches of fish, which weighed from a pound to 20 pounds. All were caught in the lowlands south of the city. It is supposed that the fish were washed out of a private pond, and when the recent flood receded were left in shallow water.

Hundreds of pounds were captured with but little effort. James Kimber, a farmer, is credited with the greatest catch, netting so many that he used the family clothes line for a stringer. It is said that Kimber's haul weighed 600 pounds. The oldest inhabitants have no recollection of so many large fish being caught in the creeks hereabouts. The fish were German carp.

## France's Indemnity Figures.

Paris, May 4.—The French foreign office corrected the figures of the indemnity to be demanded from China, as cabled to the foreign office by M. Pichon, the French minister at Peking, purporting to be taken from the report of the committee on indemnity and telegraphed to the Associated Press May 1. They are 1,635,000,000 francs, which may be reduced. These figures provide for expenses up to July 1.

### SPECIAL MEETING CALLED

Residents of Upper Chester Not Satisfied With the Proposed Site of the School House.

President Thompson Allison called a special meeting of the board of education of Grant district this morning. The object of the meeting was to consider a proposition to locate the new school house, which is to be built the coming summer, at a point nearer the upper portion of town.

Much comment is being made by residents of the lower end, and speculation is rife as to what the outcome of this meeting may be. The site selected, which is on the knoll to the rear of the U. P. chapel, has already been bought and paid for. The residents of the upper town vigorously opposed locating the school building at this point, claiming that it was not near enough to the center of the town.

It is rumored that a bonus has been offered by the residents above, and as a result the location will be changed.

### A Pleasing Entertainment.

A large audience listened to Prof. Charles La Roche and Miss Edna Yarnell in the musical and elocutionary entertainment at the M. E. church, Chester, last night. The work of both performers was excellent and the audience was well pleased with the affair. Quite a neat sum was realized.

## Y. M. C. A. NOTES.

### Directors' Meeting Held And Encouraging Reports Received—Boys' Band Growing.

The regular meeting of the board of directors of the Y. M. C. A. was held last night and most encouraging reports received of the progress of the work.

At least two delegates from this city will attend the jubilee convention at Boston June 11-16.

Mr. Kaylor will speak tomorrow at the Y. M. C. A. hall at 4 p. m. on "Conscience." As this may be the last time that Mr. Kaylor can be heard at the association a good audience is expected.

The boys' band is growing. Last Sunday 44 were present.

Wednesday the secretary gave the boys one of his "good times" in the shape of a phonographic entertainment, Mr. G. B. Pattison loaning the instrument.

Tomorrow the regular Sabbath meeting will be held at 2 p. m.

## EPWORTH LEAGUE

### Its Convention Closed Last Evening After Highly Interesting Addresses.

The sub-district convention of the Epworth League, which was in session at the First Methodist Episcopal church, closed last night. William Morris gave a reading on "The Reading of the Appointments." Mrs. Charles Phillips rendered a solo and two very beautiful anthems were rendered by the choir. Rev. G. W. Orcutt preached an eloquent sermon, taking for his subject "The Epworth League Retrospective—Prospective," and Rev. Earl D. Holtz, D. D., of Wellsville, also made a fine address, taking for his subject "The Need of a Personal Pentecost."

William Moren, of this city, was recommended for president and Miss Maud Runyon, of Knoxville, was recommended for secretary. Resolutions of thanks were then read by the president and the convention adjourned. The district convention of the League will be held at Martin's Ferry next month.

### When Mrs. Gilbert Lost Her Spectacles.

The only time I resented newspaper chatter was when I had my spectacles stolen. They were snatched from my belt, the case I wore there being torn away. I spoke of it to Mr. Dorney, and the story went round the theater. Somehow the reporters got hold of it, and they made a great deal about it. It was really too bad of them. I felt it the more because I had managed to keep a much more serious theft an absolute secret. That was at the time when so much fun was being made of the "robbery of jewels" form of theatrical advertisement. I had a very valuable pair of earrings taken from my pocket most cleverly, and I was on my way to play for a charity too! However, I kept my loss quite to myself. And then to be brought before a sympathetic public as the loser of a pair of spectacles!—From "The Stage Reminiscences of Mrs. Gilbert" in Scribner's.

### When Horace Greeley Lost His Hat.

A very distinguished assemblage honored Grant's ball, which was held in the newly completed north wing of the treasury building. Elaborate preparations were made for dancing, the manager, by telegraphic communications, keeping the dance moving simultaneously on three floors. But the man who preferred eating to dancing and could not get even within the sight of food was not well pleased. Refreshments were served in the basement, in a room too small to accommodate the 6,000 guests, but large enough to contain the provisions, which were scarce indeed. In the cloakrooms the committee in charge lost their heads, visitors lost their hats, and it is stated on good authority that the sulphurous vapors which rose in the vicinity of the place where Horace Greeley searched for his hat during two hours were stifling.

It is recorded that one gentleman walked to Capitol hill, two miles distant, in dancing pumps and bareheaded and that many frightened women still cowered in the corners of the dressing rooms at dawn the next morning. So, in preparing Grant's second ball, the committee made elaborate arrangements in order that these unpleasantnesses should not again occur.—National Magazine.

## SPECIAL MEETING CALLED

Residents of Upper Chester Not Satisfied With the Proposed Site of the School House.

President Thompson Allison called a special meeting of the board of education of Grant district this morning. The object of the meeting was to consider a proposition to locate the new school house, which is to be built the coming summer, at a point nearer the upper portion of town.

Much comment is being made by residents of the lower end, and speculation is rife as to what the outcome of this meeting may be. The site selected, which is on the knoll to the rear of the U. P. chapel, has already been bought and paid for. The residents of the upper town vigorously opposed locating the school building at this point, claiming that it was not near enough to the center of the town.

It is rumored that a bonus has been offered by the residents above, and as a result the location will be changed.

## A Pleasing Entertainment.

A large audience listened to Prof. Charles La Roche and Miss Edna Yarnell in the musical and elocutionary entertainment at the M. E. church, Chester, last night. The work of both performers was excellent and the audience was well pleased with the affair. Quite a neat sum was realized.

## EPWORTH LEAGUE

Its Convention Closed Last Evening After Highly Interesting Addresses.

The sub-district convention of the Epworth League, which was in session at the First Methodist Episcopal church, closed last night. William Morris gave a reading on "The Reading of the Appointments." Mrs. Charles Phillis rendered a solo and two very beautiful anthems were rendered by the choir. Rev. G. W. Orcutt preached an eloquent sermon, taking for his subject "The Epworth League Retrospective—Prospective." and Rev. Earl D. Holtz, D. D., of Wellsville, also made a fine address, taking for his subject "The Need of a Personal Pentecost."

William Moren, of this city, was recommended for president and Miss Maud Runyon, of Knoxville, was recommended for secretary. Resolutions of thanks were then read by the president and the convention adjourned. The district convention of the League will be held at Martin's Ferry next month.

## When Mrs. Gilbert Lost Her Spectacles.

The only time I resented newspaper chatter was when I had my spectacles stolen. They were snatched from my belt, the case I wore there being torn away. I spoke of it to Mr. Dorney, and the story went round the theater. Somehow the reporters got hold of it, and they made a great deal about it. It was really too bad of them. I felt it the more because I had managed to keep a much more serious theft an absolute secret. That was at the time when so much fun was being made of the "robbery of jewels" form of theatrical advertisement. I had a very valuable pair of earrings taken from my pocket most cleverly, and I was on my way to play for a charity too! However, I kept my loss quite to myself. And then to be brought before a sympathetic public as the loser of a pair of spectacles!—From "The Stage Reminiscences of Mrs. Gilbert" in Scribner's.

Out Out and Keep This Address.

We have the finest offices most complete compressed air, electrical and hot air apparatus, and largest practice in Pittsburgh, and take pleasure in inviting any visitors to our city to visit us. The reason most of the so-called chronic diseases are incurable is that the regular practicing physician does not have the apparatus or the experience to treat them properly. We have both the apparatus and experience, and believe there is not one chronic invalid in ten whom we cannot cure. Free consultation advice and examination by X Ray machine if necessary. A guarantee to cure all cases which we accept for treatment. Reasonable charges in all cases. Home treatment is provided, and all letters are given prompt, confidential attention. SPECIALTIES—Dentistry, Catarrh, Rheumatism, Piles, Stricture, Rupture, Liver, Skin, Kidney and Stomach Diseases, Diseases of Women and Male Maladies, Paralysis, Lung Troubles, etc. Every train brings people from the country and neighboring towns to be cured by the Rice Physicians.

## When Horace Greeley Lost His Hat.

A very distinguished assemblage honored Grant's ball, which was held in the newly completed north wing of the treasury building. Elaborate preparations were made for dancing, the manager, by telegraphic communications, keeping the dance moving simultaneously on three floors. But the man who preferred eating to dancing and could not get even within the sight of food was not well pleased. Refreshments were served in the basement, in a room too small to accommodate the 6,000 guests, but large enough to contain the provisions, which were scarce indeed. In the cloakrooms the committee in charge lost their heads, visitors lost their hats, and it is stated on good authority that the sulphurous vapors which rose in the vicinity of the place where Horace Greeley searched for his hat during two hours were stifling.

### THE CHINESE WERE AFRAID

Minister Conger Told of the Outbreak  
in China—Unwritten History Was  
Given Old Friends at Des Moines  
Reception.

Des Moines, Ia., May 4.—A public  
reception was tendered to Minister  
Conger in the Auditorium, under the  
auspices of the G. A. R., of Des  
Moines. Speeches were made. Min-  
ister Conger will leave on Monday for  
Washington to consult with the de-  
partment with regard to his duties.

In the course of his reply to the ad-  
dress of welcome, referring to the  
Boxer uprising in China, Mr. Conger  
said in part:  
"But there is a history connected  
with this affair which I have not seen  
in print, and about which I will tell  
you. The organization which is  
known as the Boxers has been in ex-  
istence more than a hundred years,  
but had long ceased to be of import-  
ance. Two Buddhist priests in the  
province of Shang Tung some time in  
the year 1899 revived the organiza-  
tion, or made an organization which  
took the name of the other one. Some  
have said it was a patriotic organiza-  
tion, but it was in fact at the outset  
a religious movement. The priest  
who was at the head has since been  
captured, tried by a German court and  
executed.

"The priests professed to have su-  
pernatural powers. The society  
spread in Shantung province. There  
was never any danger from it until  
it was taken up by General Yu Shen,  
the governor of the province.

"The priests pretended they could  
call down from the skies millions of  
warriors fully armed and equipped,  
and that they would form an army  
to drive out of China everything that  
was foreign. They pretended that  
they could, by certain rites and cere-  
monies, make their bodies impervious  
to bullets.

"But there had not been a foreigner  
harmful in Shantung province up to  
this time. Rev. Dr. Brooks, a mis-  
sionary, was killed more by accident  
than by design. General Yu Shen  
secured the assistance of a powerful  
princess.

"Soon the societies spread over  
into Chi Li province, in which Peking  
is situated, and all of the foreigners  
were attacked and native Christians  
were commanded either to recant or  
suffer death."

Minister Conger stated that all of  
the time of the siege there was the  
filmiest possible veil between the in-  
vestigation and death. "It could have  
been brushed aside by one charge,"  
he said, "and would have been, if the  
Chinese had possessed the courage."

### MUST OBSERVE THE SABBATH.

**Law and Order League Force It at  
Kansas City.**

Kansas City, Mo., May 4.—Mayor  
Reed issued a positive order that all  
saloons must be closed on Sundays.  
The police commissioners had re-  
fused the demand of a special com-  
mittee of the Law and Order league  
to enforce the Sunday closing law and  
the league began preparations to se-  
cure the impeachment of these offi-  
cers.

After a long conference Mayor  
Reed and Police Commissioner Greg-  
ory have signed an order notifying  
Chief of Police Hayes that hereafter  
all saloons must be closed from mid-  
night Saturday to midnight Sunday,  
and instructing him to arrest all vi-  
olators of the closing ordinance.

Commissioner Ward refused to sign  
the order.

### RESIGNATION WAS FORCED.

**Emperor Called Upon One of His  
Ministers to Quit.**

Berlin, May 4.—It has become  
known that the resignation of Dr. von  
Miquel, as minister of finance, was  
enforced, but instead of Dr. von Lu-  
camus, chief of the emperor's civil  
cabinet, who usually bears such direct  
messages from the emperor, it was  
Beyon von Wilnowski, chief of the

chancellerie, who requested Dr. von  
Miquel to resign in the emperor's  
name.

Dr. von Posadowsky-Wehner, sec-  
retary of state for the interior, is ex-  
pected to be Dr. von Miquel's suc-  
cessor, while General von Podbielsky  
succeeds Baron von Hammerstein as  
minister of agriculture, who leaves  
office because of deafness and gen-  
eral debility. Herr Brafeld, minister  
of commerce, was said to be going  
involuntarily.

### A RESOLUTION VETOED.

**Governor Stone Refused to Sign One  
Passed by the Legislature.**

Harrisburg, May 4.—Governor  
Stone vetoed the resolution providing  
for the appointment of nine commis-  
sioners to draft and report to the leg-  
islature of 1900 a general corporation  
law to take the place of the act of  
1874 and its supplements. Governor  
Stone says it would result in con-  
fusion. He also vetoed a bill provid-  
ing a pension of \$12 a month for  
Philip L. Brassing, a former member  
of the national guard.

The bill authorizing boroughs to  
provide a supply of water for public  
use either by the erection of water  
works or by contract with persons or  
corporations authorized to supply wa-  
ter within the limits of said borough  
or by both methods, was approved.

### Mother of Sankey Dead.

New Castle, Pa., May 4.—Mrs.  
Mary Sankey, aged 90, mother of Ira  
D. Sankey, the evangelist, and singer,  
died at her home in this city. Mrs.  
Sankey was the daughter of John  
Leeper, one of the pioneer residents  
of Lawrence county, and her entire  
life was spent in this community.  
She was the mother of 11 children,  
seven sons and four daughters. The  
surviving members of the family are

## The Want of Working People.

When the working man or woman feels sick—liver, stomach or kidneys  
are out of gear—then Dr. A. W. Chase's Kidney-Liver Pills do a  
world of good acting directly on these organs and the bowels.

BAY CITY.

Mr. L. H. Mara, 1301 Columbus Avenue, Bay  
City, Mich., by overwork and too assiduous at-  
tention to his business, brought on an attack of  
kidney trouble, which made it necessary for him  
to leave off working at times. He states:

"On the recommendation of Mr. Geo. Leyer,  
druggist of this place, I purchased a box of Dr.  
A. W. Chase's Kidney-Liver Pills for my kidney  
trouble. They acted so well in relieving my pain  
and backache that I persisted in the use of them  
until perfectly cured of my  
trouble. I am a well man now,  
thanks to the use of Dr. A. W.  
Chase's Kidney-Liver Pills."

DETROIT.

Mr. Levi Elsey, 805 McDougal Avenue, Detroit,  
lived for years expecting death from heart fail-  
ure and Bright's disease, but was cured by a few  
boxes of Dr. A. W. Chase's Kidney-Liver Pills. He  
writes: "For years I lived in constant fear that I  
should meet death through kidney trouble. I was  
troubled terribly by pains in my back and about  
the heart. My troubles are now over, for Dr. A. W.  
Chase's Kidney-Liver Pills have made me well  
again. I will gladly answer any letters about this  
wonderful medicine."

### COUNTY AND NEIGHBORHOOD.

Mrs. Rachel Armitage, aged 87, died  
at Berlin Center.

A survey has begun for a proposed  
street railway from Monaca to Cora-  
opolis, Pa.

Minnie Gresser, aged 22, of Alliance,  
was frightfully burned, her clothes  
taking fire from burning rubbish.

C. Dailey and E. Dailey, soldiers in  
the Philippines during the past 25  
months, have arrived home at Wells-  
ville.

The Lisbon steam laundry has been  
sold by H. P. Jones to H. J. C. Maine,  
of Plano, Ill. Possession was given  
this week.

A rural free delivery route has  
been authorized for Garrettsville,  
Portage county. The route will be es-  
tablished June 1.

Rev. J. L. Grimm, of Belle Center,  
O., has received a unanimous call to  
the First President church of Saline-  
ville, and will accept.

The East Palestine town council pro-  
poses to enforce the law compelling  
each citizen of the village to do two  
days' work on the street or pay its  
equivalent in cash.

J. T. Evans, an experienced driller  
from Armstrong county, Pa., is at  
East Palestine, prospecting for oil ter-  
ritory. If sufficient acreage can be  
leased he proposes to drill a number of  
test wells.

An effort will be made to exclude  
the saloons from Unity township. The  
preliminary work is in the hands of  
the Anti-Saloon League, and it is ex-  
pected that a vote on the question will  
be taken about June 1.

The merchants of Toronto have  
signed an agreement to pay \$25 a  
month on a salary of a regular night  
merchant policeman. Council agrees to  
pay the other \$25 per month. This  
will make three regular officers.

### A Live Issue in Irondale.

### Cut in Two By an Engine.

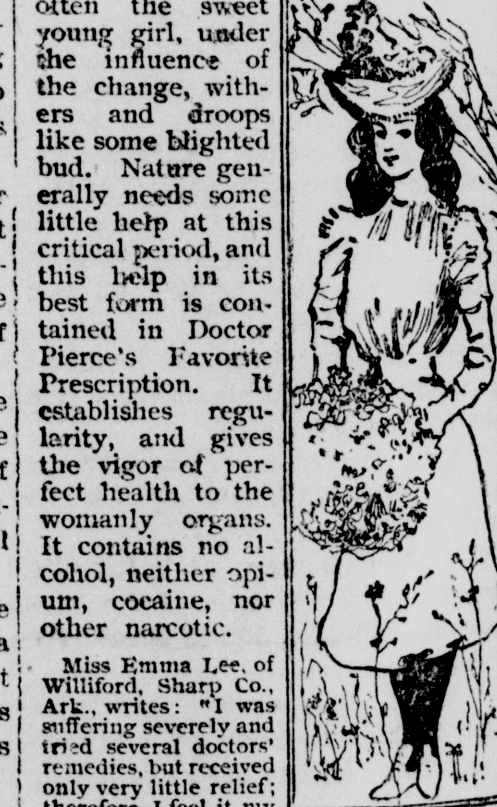

Akron, O., May 4.—Willie, 15-year-  
old son of Herbert Walterscheidt,  
ran in front of a switch engine yester-  
day and was struck and killed, his  
body being cut in two at the waist.

### Warden Ruckel Upheld.

Akron, May 4.—To make the inves-  
tigation a matter of record the grand  
jury reported no bill against Game  
Warden Charles Ruckel, who shot and  
killed Edward Frye, a gill netter. It  
was shown that with his last breath  
Frye wished he had killed Ruckel.

## Springtime

Is the sweetest season in human life, as  
it is in Nature generally. It is the time  
of promise. As the young girl draws  
near to that mysterious line "Where  
womanhood and girlhood meet," her  
whole destiny is in a measure being de-  
termined. How often the sweet  
young girl, under the influence of  
the change, with-  
ers and droops  
like some blighted  
bud. Nature gen-  
erally needs some  
little help at this  
critical period, and  
this help in its  
best form is con-  
tained in Doctor  
Pierce's Favorite  
Prescription. It  
establishes regu-  
larity, and gives  
the vigor of per-  
fect health to the  
womanly organs.  
It contains no al-  
cohol, neither op-  
ium, cocaine, nor  
other narcotic.

Miss Emma Lee, of  
Williford, Sharp Co.,  
Ark., writes: "I was  
suffering severely and  
tried several doctors'  
remedies, but received  
only very little relief;  
therefore, I feel it my  
duty to write and let  
other sufferers know what your 'Favorite Pre-  
scription' and 'Golden Medical Discovery' and  
'Pleasant Pellets' have done for me. I took  
eight bottles of 'Favorite Prescription' and  
eight bottles of 'Golden Medical Discovery,' six vials of the  
'Pleasant Pellets,' also one bottle of your 'Compound  
Extract of Smart-Weed.' As soon as I had taken  
the first bottle I could see that the medicine  
was helping me. I had disease of internal or-  
gans with bronchitis and catarrh. I also used  
the local treatment you suggested."

The sluggish liver can be cured by  
the use of Dr. Pierce's Pleasant Pellets.

## YU-SHEN TO BLAME

Priests Expected to Call Armed  
Men From the Skies to  
Fight Foreigners.

## THE CHINESE WERE AFRAID

Minister Conger Told of the Outbreak  
in China—Unwritten History Was  
Given Old Friends at Des Moines  
Reception.

Des Moines, Ia., May 4.—A public  
reception was tendered to Minister  
Conger in the Auditorium, under the  
auspices of the G. A. R., of Des  
Moines. Speeches were made. Min-  
ister Conger will leave on Monday for  
Washington to consult with the de-  
partment with regard to his duties.

In the course of his reply to the ad-  
dress of welcome, referring to the  
Boxer uprising in China, Mr. Conger  
said in part:  
"But there is a history connected  
with this affair which I have not seen  
in print, and about which I will tell  
you. The organization which is  
known as the Boxers has been in ex-  
istence more than a hundred years,  
but had long ceased to be of impor-  
tance. Two Buddhist priests in the  
province of Shang Tung some time in  
the year 1899 revived the organiza-  
tion, or made an organization which  
took the name of the other one. Some  
have said it was a patriotic organiza-  
tion, but it was in fact at the outset  
a religious movement. The priest  
who was at the head has since been  
captured and tried by a German court and  
executed.

"The priests professed to have su-  
pernatural powers. The society  
spread in Shantung province. There  
was never any danger from it until  
it was taken up by General Yu Shen,  
the governor of the province.

"The priests pretended they could  
call down from the skies millions of  
warriors fully armed and equipped,  
and that they would form an army  
to drive out of China everything that  
was foreign. They pretended that  
they could, by certain rites and cere-  
monies, make their bodies impervious  
to bullets.

"But there had not been a foreigner  
harmful in Shantung province up to  
this time. Rev. Dr. Brooks, a mis-  
sionary, was killed more by accident  
than by design. General Yu Shen  
secured the assistance of a powerful  
princess.

"Soon the societies spread over  
into Chi Li province, in which Peking  
is situated, and all of the foreigners  
were attacked and native Christians  
were commanded either to recant or  
suffer death."

Minister Conger stated that all of  
the time of the siege there was the  
filmiest possible veil between the in-  
igation and death. "It could have  
been brushed aside by one charge,"  
he said, "and would have been, if the  
Chinese had possessed the courage."

## MUST OBSERVE THE SABBATH.

Law and Order League Force It at  
Kansas City.

Kansas City, Mo., May 4.—Mayor  
Reed issued a positive order that all  
saloons must be closed on Sundays.  
The police commissioners had re-  
fused the demand of a special com-  
mittee of the Law and Order league  
to enforce the Sunday closing law and  
the league began preparations to se-  
cure the impeachment of these offi-  
cers.

After a long conference Mayor  
Reed and Police Commissioner Greg-  
ory have signed an order notifying  
Chief of Police Hayes that hereafter  
all saloons must be closed from mid-  
night Saturday to midnight Sunday,  
and instructing him to arrest all vi-  
olators of the closing ordinance.  
Commissioner Ward refused to sign  
the order.

## RESIGNATION WAS FORCED.

Emperor Called Upon One of His  
Ministers to Quit.

Berlin, May 4.—It has become  
known that the resignation of Dr. von  
Miquel, as minister of finance, was  
enforced, but instead of Dr. von Lu-  
camus, chief of the emperor's civil  
cabinet, who usually bears such direct  
messages from the emperor, it was  
Baron von Wilmowski, chief of the

chancery, who requested Dr. von  
Miquel to resign in the emperor's  
name.

Dr. von Posadowsky-Wehner, sec-  
retary of state for the interior, is ex-  
pected to be Dr. von Miquel's suc-  
cessor, while General von Podbielsky  
succeeds Baron von Hammerstein as  
minister of agriculture, who leaves  
office because of deafness and gen-  
eral debility. Herr Brefeld, minister  
of commerce, was said to be going  
involuntarily.

## A RESOLUTION VETOED.

Governor Stone Refused to Sign One  
Passed by the Legislature.

Harrisburg, May 4.—Governor  
Stone vetoed the resolution providing  
for the appointment of nine commis-  
sioners to draft and report to the leg-  
islature of 1900 a general corporation  
law to take the place of the act of  
1874 and its supplements. Governor  
Stone says it would result in con-  
fusion. He also vetoed a bill provid-  
ing a pension of \$12 a month for  
Philip L. Brassing, a former member  
of the national guard.

The bill authorizing boroughs to  
provide a supply of water for public  
use either by the erection of water  
works or by contract with persons or  
corporations authorized to supply wa-  
ter within the limits of said borough  
or by both methods, was approved.

## Mother of Sankey Dead.

New Castle, Pa., May 4.—Mrs.  
Mary Sankey, aged 90, mother of Ira  
D. Sankey, the evangelist, and singer,  
died at her home in this city. Mrs.  
Sankey was the daughter of John  
Leeper, one of the pioneer residents  
of Lawrence county, and her entire  
life was spent in this community.  
She was the mother of 11 children,  
seven sons and four daughters. The  
surviving members of the family are  
Ira D. Sankey, of Brooklyn, N. Y., and  
Watson Sankey, of Mohassee, Mass.

# Springtime

Is the sweetest season in human life, as  
it is in Nature generally. It is the time  
of promise. As the young girl draws  
near to that mysterious line "Where  
womanhood and girlhood meet," her  
whole destiny is in a measure being de-  
termined.

How often the sweet  
young girl, under  
the influence of  
the change, with-  
ers and droops  
like some blighted  
bud. Nature gen-  
erally needs some  
little help at this  
critical period, and  
this help in its  
best form is con-  
tained in Doctor  
Pierce's Favorite  
Prescription. It  
establishes regu-  
larity, and gives  
the vigor of per-  
fect health to the  
womanly organs.  
It contains no al-  
cohol, neither opi-  
um, cocaine, nor  
other narcotic.

Miss Emma Lee, of  
Williford, Sharp Co.,  
Ark., writes: "I was  
suffering severely and  
tried several doctors'  
remedies, but received  
only very little relief;  
therefore, I feel it my  
duty to write and let  
other sufferers know what your 'Favorite Pre-  
scription' and 'Golden Medical Discovery' have  
done for me. I took  
'Pleasant Pellets,' have done for me. I took  
eight bottles of 'Favorite Prescription' and  
'Golden Medical Discovery,' six vials of the  
'Pleasant Pellets,' also one bottle of your 'Compound  
Extract of Sarsaparilla.' As soon as I had taken  
the first bottle I could see that the medicine  
was helping me. I had disease of internal or-  
gans with bronchitis and catarrh. I also used  
the local treatment you suggested."

The sluggish liver can be cured by  
the use of Dr. Pierce's Pleasant Pellets.

# LOSS OF \$15,000,000

Great Fire Raged For Ten Hours  
In the City of Jackson-  
ville, Fla.

## SIX LIVES WERE PERHAPS LOST

One Report So Stated, While Another  
Said Casualties Could Not Be Ac-  
curately Estimated — Estimated  
About 10,000 to 15,000 Homeless.

Jacksonville, Fla., May 4.—The fire  
in this city, which began in a small  
factory, from a defective wire, ac-  
cording to the best belief, burned for  
nearly 10 hours. In that time a prop-  
erty damage estimated from about  
\$10,000,000 to about \$15,000,000 was  
caused.

According to the city map, 130  
blocks were burned, many of them in  
the heart of the business and resi-  
dence section. The estimate of  
houses to the block is 10, hence, it  
was estimated, about 1,300 of them  
went up in smoke. Many of the finest  
public and private buildings were de-  
stroyed, including hotels, theater,  
churches and residences.

### At Least Several Casualties.

The casualties could not be ac-  
curately estimated last night. That  
there were several seems to be well  
authenticated. Among them was that  
to the fire chief, who sustained a bad  
fall.

The mayor ordered all of the sa-  
loons closed, and impressed help to  
clear the wreckage.

The mayor stated that he estimated  
the loss at about \$15,000,000 and that  
about 10,000 to about 15,000 people  
were homeless.

Jacksonville, Fla., May 4.—A dis-  
astrous fire occurred along the entire  
length of Beaver street, from Davis  
street to the creek on Liberty street.  
This is 14 solid blocks of residences.  
For the same distance Ashley and  
Church streets have both been com-  
pletely blotted out. When the fire  
reached Bridge street in its eastward  
course it enveloped in flames three  
blocks, Duval, Monroe and the north  
side of Adams, burning up that entire  
section of the city and running 14  
blocks to the Duval street bridge.  
How much further in that direction  
the city is burned it is impossible to  
learn, the street being impassable,  
but it is feared that St. Luke's hos-  
pital was burned, and a report says  
the Presbyterian church in East Jack-  
sonville is ablaze. If this is correct  
the fire must have extended about  
five block further east. The conflag-  
ration has covered, as far as is  
definitely known, a distance of about  
two and a half miles by about half a  
mile wide.

When the fire reached Julia street  
it was a roaring furnace, without any  
prospect of being put under control.  
The local military companies were  
called out to keep back the crowds and  
the fire department began to use  
dynamite to blow up the houses a  
block from the fire and thus prevent  
the fire from spreading. So fierce  
was the blaze, however, and so strong  
had become the wind that millions  
of sparks and flying burning shingles  
spread over five or six blocks, setting  
the roofs of the houses on fire in ad-  
vance of the department. Soon Sen-  
ator Tallaferra's residence, then the  
adjacent houses on that block were  
ablaze, and in spite of the efforts to  
save the Windsor and the St. James  
hotels, both hostleries were quickly  
enveloped in flames. For about an  
hour the guests in the Windsor had  
been busily packing their trunks and  
went away loaded with trunks and  
grips, some unfortunately to the  
United States hotel, but most of them  
to Riverside.

### Flames Leaped Across the Street.

Leaping across the street from the  
Windsor, the flames attacked the  
Zills house and then the Methodist  
parsonage, and in a few moments the  
Trinity Methodist church was a mass  
of flames. The opera house block fol-  
lowed and the Richards and Living-  
stone boarding houses. A desperate  
effort was made to save the Bald-  
win mansion, which was recently  
purchased by the Elks. No earthly  
power could save this building, and  
that entire block and the one east  
was quickly a mass of flames. Once  
the fire got started on Main street,  
the closely adjoining buildings went  
one after the other. Paint shops,  
with barrels of oil, were plentiful in  
this district, and as they caught fire  
one after the other the blaze, rising  
hundreds of feet high, quickly set the  
buildings across the street on fire.

Then the Hubbard hardware store  
caught, and the people scattered when  
they saw what had happened. Hun-  
dreds of pounds of powder and a great  
deal of dynamite were stored in this  
building. In about 10 minutes there  
was a roar and the building collapsed  
like an eggshell. The dynamite and  
the powder had exploded. Here again  
there was much danger for the fire-  
men. Cartridges began to explode  
and bullets began to fly around, and  
the effort to fight the flames at this  
point had for a time to be abandoned.  
This was only the start of the most  
intense part of the fire.

### Fire Spread With Rapidity.

The new Furchgott building was  
soon ablaze and then quickly the  
Gardner building was also a mass of  
flames. Down the street the fire  
spread with rapidity and the entire

section of Bay street from market to  
Main street, and extending for about  
five blocks back, was burning all at  
once.

The city building went, the central  
fire department station, the armory,  
the county court house, the clerk's  
office, with the county records, the  
criminal court house, the city jail and  
the Catholic church and orphanage,  
St. John's Episcopal church and the  
Catholic convent. All this destruc-  
tion was wrought in less than four  
hours.

The fire was checked at the inter-  
section of Laura and Bay streets,  
where the Commercial bank is lo-  
cated, which went up in flames, the  
Western Union telegraph office being  
across the street, and not damaged.

Among the prominent hotels burned  
were the St. James, the United States,  
the Placide and the Windsor.

It is impossible at the hour of send-  
ing this dispatch to ascertain the  
losses, but it was estimated by insur-  
ance agents that it will be between  
\$8,000,000 and \$9,000,000.

Six lives were reported lost in the  
conflagration.

The mayor called a meeting of the  
city council for today to consider  
ways and means of relieving the suf-  
ferers.

**East End Population Increased**—Born, to Mr. and Mrs. William Proctor, of the East End, a son.

**Moved from Salineville**—The household goods of John Findley were received at the freight station yesterday from Salineville.

**Freight Very Heavy**—The Cleveland & Pittsburg Railroad company placed two shifting engines in this city today owing to the fact that freight was very heavy.

**Match Game Today**—The Buckeye base ball team and the kilnhands of the K. T. & K plant are having a match game at Rock Springs park this afternoon.

**Brown Accepts**—Campbell Brown states that he will accept the challenge of George Drake for a bicycle race, and that he will meet him at any time, place and for any amount.

**Convention Postponed**—The county Prohibition convention was to have been held in this city last evening, but it failed to materialize. The leaders of the party, after due consideration, decided to postpone the meeting until after the state convention.

**Justice McCarron Improving**—Word has been received from Justice H. P. McCarron, who is undergoing treatment at the Lakeside hospital, Cleveland, for the past two weeks. The squire is getting along remarkably well, and hopes to be home next week.

**Hospital Directors Met**—The board of directors of the Hospital association held a meeting last evening and transacted routine business. The board have several matters of a private nature under consideration at present, and they will be disposed of as soon as possible.

**Annual Parish Meeting**—The annual parish meeting of St. Stephen's congregation will be held in the parish building on Monday evening at 8 o'clock. The business of the year will be settled up and all accounts presented. The election of officers for the coming year will also be held.

**Pleasantly Entertained**—The former Sabbath school scholars of Miss Anna Myers were delightfully entertained by that lady at her home on Fifth street last evening. The evening was spent in music and games. A dainty luncheon was served and the affair was greatly enjoyed by all.

**Sophomore Class Officers**—The sophomore class of the East Liverpool high school organized yesterday afternoon. Officers were elected as follows: President, Clarence Bauman; vice president, William Cripps; secretary, Georgia Croxall; vice secretary, Hazel Hanley; treasurer, Mary Hill.

**No Union Label on Them**—The new helmets which were ordered for the police of this city arrived yesterday. When they were opened it was discovered that they did not have the union label on them and they were today shipped back to French & Co., of New York, from whom they were purchased.

**Library Board Meeting**—The public library board met in its rooms last evening with Members Peach, Weisend, Logan, Gilbert, Eardley, Hodge and Prof. Raymond present. The session lasted but a half hour, during which time routine business was transacted. Bills amounting to \$30 were ordered paid.

**Jamison-Wells Case Dropped**—The case of Charles Jamison versus Clifford Wells, for attempting to provoke a breach of the peace, begun in the court of Justice McLane Thursday, and which was to have been tried yesterday afternoon, did not come up. Jamison withdrew the charge yesterday and the matter was dropped.

**Cars And Engine Off**—The shifter was in hard luck yesterday morning while at work in the upper yards. The engine jumped the track and it was necessary to call another engine from Wellsville to place it on the track. After they had been working a few minutes the cars took the jumps and a number of them were off the track. The crew was delayed over three hours in their work by the accidents.

**Will Have a Rummage Sale**—At the meeting of the Woman's Relief Corps yesterday afternoon the ladies decided to hold a rummage sale in the near future. Committees will be appointed at the next meeting and it will also be decided at that time when the

affair will be held. The delegates to the state convention received their credentials at the meeting yesterday.

**Drops the Case**—Justice McLane is in receipt of a letter from Ella Ammon, the Pennsylvania girl who came here some time ago in search of a man named William Darrall, who was alleged to have wronged her. She now resides in Fayette City, Pa., and says she will not pursue the matter further. Complaint was made in Justice McLane's court at the trial, but the authorities were unable to locate the man.

**Cooking Club Meeting**—The East Liverpool Cooking club held a very enthusiastic meeting last evening at the home of Miss Margaret Cuthbert on May street, West End. Miss Cuthbert had made special preparation to entertain the ladies of the club and the event was a very enjoyable one. The dining hall was beautifully decorated and the banquet, which was the result of these young ladies' experiments, exquisite.

**Had a Close Call**—A man whose name could not be learned, but whose home is claimed to be at Cook's Ferry, had a narrow escape from death yesterday afternoon. He wanted to catch the train which goes east at 1:06 p. m., and as the train had pulled out from the station he ran to the crossing at Second street and made an attempt to jump on. He missed his hold and was falling under the train when an Italian, who was at work repairing the crossing, seized him and pulled him out of harm's way. He received a hard fall, but other than a few bruises was none the worse for his experience.

## LADIES' AUXILIARY

HELD AN ENTHUSIASTIC MEETING AT Y. M. C. A. ROOMS.

A Board of Managers Appointed And Preparation Made for Earnest Work.

A very successful meeting of the Ladies' Auxiliary of the Y. M. C. A. was held at the association parlors yesterday afternoon. Notwithstanding the fact that the time of meeting conflicted with the meeting of the Epworth League convention at the M. E. church and with the regular meeting of the G. A. R. Woman's Relief Corps and that housecleaning is now going on, over 30 were present.

The constitution provides that the Ladies' Auxiliary shall be managed by a board of management, consisting of 15 members, or one from five or more denominations, to be appointed by the president of the Y. M. C. A. in consultation with the general secretary, and the following board was appointed: U. P., Miss Grace Ogilvie, Mrs. A. E. McLean, Mrs. Stevenson, Miss Alda Manor, Mrs. J. Wilson, Miss Anna Pope, M. P., Mrs. S. P. Antrim, Miss Jennie Rowe, Miss Josie Burford, Christian, Miss Vodrey, Mrs. Clements, Mrs. Nease, M. E., Mrs. T. Pickal, Miss Bulger, Mrs. Thomas McCann, Mrs. C. A. Boyce, First Presbyterian, Mrs. Allison, Mrs. Dr. Norris, Mrs. Dr. Hobbs, Mrs. G. B. Pattison, Mrs. R. E. Rayman, Episcopalian, Mrs. Dr. Trimmer, Mrs. Lynch. Other members are yet to be appointed.

This board will meet on the evening of Thursday, May 16 to elect officers and transact such other business as may come up.

It was voted to give a reception to the new members of the association on the evening of Tuesday, June 4, the reception being to members and their lady friends and committees.

All seemed enthusiastic as to the outlook, and to judge from the spirit of yesterday's meeting the work will be vigorously forwarded.

## The Man and the Rope.

A Chinaman who had been condemned to wear the cangue, or wooden collar, was seen by some of his friends. "What have you been doing," they asked, "to deserve this?" "Oh, nothing," he replied. "I only picked up an old piece of rope." "And are you to be punished thus severely," they asked, "for merely picking up an end of rope?" "Well," answered the man, "the fact is there was a bullock tied to the other end."—H. A. Giles' "History of Chinese Literature."

## MINISTER'S SACRIFICE.

Rector Who Received About \$18,000 Yearly, Now a Priest at \$900.

Washington, May 4.—Rev. Edward Buckey, the Episcopal clergyman who was once in charge of St. John's church, Newport, and who recently embraced Catholicism, has been appointed assistant pastor of St. Matthew's church, this city.

Mr. Buckey was ordained a priest Wednesday morning in the cathedral of Baltimore by Cardinal Gibbons, and was at once assigned to duty here. Friday he was to say his first mass at the Holy Trinity church, in Georgetown, before a distinguished congregation of prelates and laymen. The robes which he was to wear on this occasion were presented to him by Stuart Coates and are richly embroidered in gold on white silk.

Father Buckey is the eldest son of the late Justice M. V. Buckey, of Georgetown, and was born within a stone's throw of the old church where he was to say his first mass. He comes of Episcopalian stock.

His position at St. Mary's will be a subordinate one, the rector being Rev. Thomas S. Lee, a scion of the historic family of Virginia. His salary will be \$900 per annum. At St. John's, Newport, which was recently the scene of the French-Vanderbilt wedding, his income was about \$18,000 a year.

St. Matthew's is attended by the diplomats and the wealthy Catholics of the capital.

## TO TAX MALT LIQUORS.

A Bill Reported to the Pennsylvania House.

Harrisburg, May 4.—The order of business in the house Friday was senate bills on second reading. There was a slim attendance and the business was disposed of in short order. The bill providing for the extinguishment of any ground rent, annuity or other charge upon real estate after 21 years, and making the same applicable in cases where the commonwealth is a party claimant, the same as in the case of other parties, was amended by Mr. Bedford, of Philadelphia, so that it shall not apply to lands or minerals beneath and co-extensive with rivers and public streams.

A bill taxing 1 cent a gallon on ale, porter and beer brewed in Pennsylvania was reported from the ways and means committee and may be read the first time Monday night.

The house adjourned until Monday evening, about 8 o'clock being the time selected to meet.

The general appropriation bill, carrying an appropriation of \$15,032,024, was reported to the house by Chairman Bliss. The bill has already passed first reading and will be taken up next week for second reading. It carries an appropriation of \$11,000,000 to the public schools for the next two years. Of this \$400,000 is to be applied to the state normal schools and \$50,000 for township high schools.

## CIVIL GOVERNMENT

Inaugurated at Manila, But Not Elections There at Present.

Manila, May 4.—Civil government in Manila was established as a preliminary to the inauguration of a general civil government. The United States Philippine commission is unwilling at present to permit the experiment of elections here, although they have been authorized in all the other municipalities. Judge Taft says a municipal government for Manila will shortly be created. The officers will probably be appointive. Lepanto and possibly all the other uncivilized provinces will be organized specially on a plan similar to that adopted in the case of Benguet. The board of health has completed the census of Manila. The population numbers 244,732.

The trial of Lieutenant Boyer, charged with commissary irregularities, has been completed. The verdict has not been announced.

The trial of Captain Barrows, also charged with commissary irregularities, begins Monday.

## David Porter Rosemiller Dead.

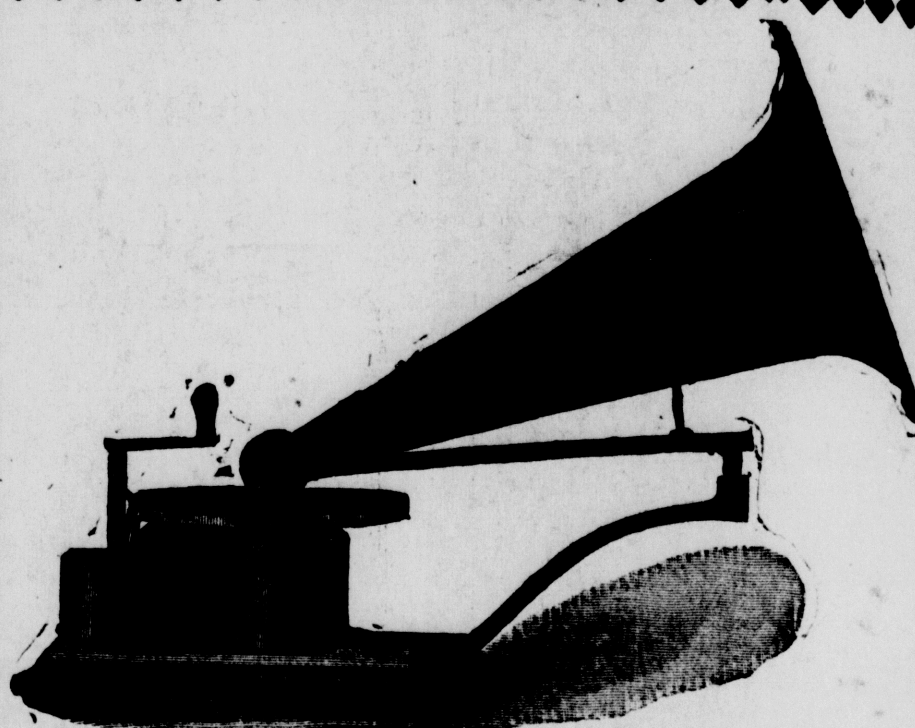

Lancaster, Pa., May 4.—David Porter Rosemiller, formerly mayor of this city, died of tetanus, the result of a cancer. Mr. Rosemiller left college in 1861 to enter the United States navy. He was executive officer of the Essex, the sloop of war which blew up the rebel ram Arkansas. After the war he was elected to the state legislature and was made district attorney of Lancaster. Mr. Rosemiller was a near relative to Admiral Porter.

## A Young Man Shot.

Bordentown, N. J., May 4.—Arthur Sprouls, aged 19 years, was shot by an unknown person, the bullet taking effect in the young man's left shoulder. It is believed the deed was prompted by jealousy. Recently Sprouls received three anonymous letters ordering him to return a ring to Irene Pierce, a young woman of this place, and threatening him with bodily harm. It is believed the wounded youth is seriously injured.

# EVENING NEWS REVIEW.

17TH YEAR. NO. 277.

EAST LIVERPOOL, O., SATURDAY, MAY 4, 1901.

TWO CENTS

## GRAND JURY'S FINAL REPORT WAS SUBMITTED TO COURT

It Shows a Total of 91 Indictments Out of 96 Cases Which Were Investigated by the Body.

## THE VAST MAJORITY WERE LIQUOR CASES

Prisoners Arraigned and Wm. Call, Sam Dawson, Drexel Lowery and Patrick McGill Plead Guilty—Call Got Three Years to the Penitentiary—Dawson and Lowery Will Probably Be Sent to the Industrial School—Dave Brown to Stand Trial.

Lisbon, May 4.—(Special.)—Judge Rogers, of Youngstown, opened court yesterday afternoon to receive the final report of the grand jury and discharge the jurors. The prisoners who are in jail were brought into court and arraigned.

William Call, who robbed Faulk Bros. mill in East Liverpool, pleaded guilty and was sentenced to three years to the penitentiary at Columbus. Call has served one term in the Mansfield reformatory for a similar offense.

Patrick McGill, of East Liverpool, who unhitched a horse on the square in this city several weeks ago, pleaded guilty and was sentenced to serve 90 days in the Canton workhouse and fined \$50 and costs.

Samuel Dawson and Drexel Lowery, East Liverpool boys, pleaded guilty to breaking into the store of the Milligan Hardware company and stealing revolvers and cartridges. They are under 16 and were turned over to Judge Boone. They will probably be sent to the industrial school.

All the other prisoners, including Dave Brown, of East Liverpool, pleaded not guilty to the charges against them, and their cases will be assigned for a hearing next week.

The final report of the grand jury shows 91 indictments returned, the majority being liquor cases. Ninety-six cases were investigated and five ignored. One hundred and forty-three

witnesses were examined. The jury visited the county jail and condemned it, as usual.

The grand jury was discharged and court adjourned until Monday at 1 p. m.

The Fairfield Coal company will be compelled to defend an action for \$10,000 damages filed this afternoon by Mrs. Mina Meek, administratrix of the estate of Sylvester Meek, of East Palestine. Prior to August, 1899, Meek was employed by the company. While in discharge of his duties he was working about the water tank when the pipe burst and fell upon him, killing him instantly. The tank was erected on a scaffolding ten feet from the ground and the accident is alleged to have been due to the fact that the scolding had become defective. It is claimed that reasonable care on the company would have averted the accident.

The assignment of cases for next week has been made as follows:

Monday—Wm. H. Harding vs. B. F. Sturgeon, executor.

Tuesday—Joseph Oyster vs. Aquila Johnson.

Wednesday—Ohio vs. Irvin H. Busler; Ohio vs. David Brown; Ohio vs. William Bell and John Healey; Ohio vs. Harry Kemp.

Thursday—Ohio vs. John Gales; Ohio vs. James Blind; Ohio vs. David Thomas; Ohio vs. Richard Gibb; Ohio vs. Roland Edwards.

## ANNUAL FIELD DAY.

ATHLETIC EXERCISES OF THE HIGH SCHOOL ARRANGED FOR.

May 31 the Date—The Occasion Promises to Be of Unusual Interest.

On Friday afternoon, May 31, the annual field day of the high school will be held, and the occasion promises to be the most successful yet held.

Arrangements have been made for a number of events, one of which will be a base ball game between the high school team and the Northsiders.

The entire afternoon will be given over to the various sports usually indulged in on regular college field days.

The entire membership of the high school will participate in the events, and as much more interest is being taken on this occasion than in former years, there is every reason to believe it will be a success.

## BLASTED THE ROCK.

Men Kept Busy All Night Clearing Up the Street Railway Track.

The force of workmen employed in cleaning the rock and earth from the street railway tracks near Walker, finished their work at an early hour this morning and the first car out today was enabled to go over the line to Wellsville.

Some of the rocks which fell upon the track yesterday noon were so large that it was necessary to shoot them to pieces. The men worked all night, and the blasting continued at intervals until early this morning.

The track men were at once put to work near the spot where the bank caved in, and the road will be made thoroughly safe before they quit.

## STRUCK BY LIGHTNING

THE HOUSE OF GIDEON STANLEY DAMAGED.

Family Greatly Alarmed But Not Injured—The House Dog Killed.

The home of Gideon Stanley, one and one-half miles north of Fredericktown, was struck by lightning during the thunder storm on Thursday evening.

The family had retired only a short time before, and were greatly alarmed when the flash came. A valuable shepherd dog was permitted to come into the house on account of being frightened by the lightning, and when the building was struck the dog was only a few feet from the spot and was instantly killed. The dog was a very valuable one, and was highly prized by the owner.

The house caught fire and it was extinguished with great difficulty. The damage was not great.

## FROM THE FAR-OFF AZORES

Comes a Loud Call for a Dress Suit And It Will Receive Attention.

Youngstown, May 4.—In the far-off Azores George H. Pickerell, of Youngstown, Uncle Sam's representative, wants a dress suit. The Azores cannot furnish him the proper thing. He would not think of patronizing London, Paris or Lisbon. It is to Youngstown he turns, and he will get his suit.

The suit is to grace a swell reception of representatives of the great powers of the old and new worlds. He wants the suit up to date and fit to astonish the natives. He has written to his former tailor here a plaintive letter and the tailor will make the suit and forward it with all possible haste.

## CHESTER MILL LIKELY TO START

A Visit of a Large Party of Mill Directors to the South Side.

## ARRIVED ON A SPECIAL CAR

Inspected the Mill And the Town And Were Pleased With Both—Strong Probability That the Plant Will be Put in Operation to Supply Demand

Chester was excited again this morning by talk that the sheet mill was about to be put in operation. The arrival in a special car over the Pan-handle, of a party of 10 directors and stockholders of the American Tinplate company, gave rise to the report. Included in the party were W. B. Lee, W. M. Lee, Richard Banfield, J. W. Armes and George Goldsmith. The gentlemen reached Chester on the morning train and at once proceeded to make a thorough inspection of the Chester plant. None of them would talk of the object of their visit, but from all that could be gleaned, their visit may be taken as an indication that the sheet mill is soon to be placed in operation.

The mill owners expressed themselves as well pleased, both with Chester and with the mill, and stated they believed it was a town with a prosperous future.

The party came to Chester direct from Elwood, Ind., this morning, after spending two days inspecting the sheet mill at that point. They are now on a tour of inspection, having examined the sheet mills at Gas City, Anderson and Elwood, Ind. After examining the mill at Chester they also examined the mill at Wellsville.

A gentleman who is in a position to know states that they held a conference after examining the mill and decided to put it in operation. When asked if he thought there was any probability of it being removed to Wellsville he said: "This mill will never be removed to Wellsville or any other town. When the trust people get ready to start the mill it will be put in operation right here. It cost about \$200,000 to build it, and the trust people will not spend that much more to tear it down and rebuild it somewhere else. There would be no advantage in changing it, as the trust gets the same freight rates here that they do at any of their other mills. The talk about moving it to Wellsville is nonsense. There could be no possible advantage gained by so doing."

When asked how he accounted for the fact that the machinery was being removed if it was the intention to start the mill, he said: "They have only taken out machinery which is necessary for the manufacture of a certain kind of sheets that will not be made here. They can place the plant in operation at any time they care to do so."

The scarcity of black plate for the tinplate mills has led to the starting of many idle sheet steel mills, and it is probable that the Chester mill will be started on black plate.

The party went from Wellsville to Wheeling.

## BLIND GIRL COMPLAINS

Alleges That a Neighbor Struck Her With a Board—A Note of Warning.

Ella Reese, a blind girl from Walker's, came to the office of Justice McLane last evening and asked permission to file a complaint against Mrs. Ella Ammon, who, she alleges, assaulted her with a board.

The justice sized the matter up as being one of those quarrels so common in the community near Walker's and would not take the case. However, he wrote a note to the woman, stating that she would be proceeded against if any further complaints were heard.

## CLAIM FOR DAMAGES

ENTERED BY GEORGE SHAW, WHO BROKE AN ARM.

He Holds That a Stake in the Street Caused the Mishap—Wants City to Pay.

At the next meeting of the city council the body will be asked to make good the damage sustained by a broken arm received by George Shaw.

Mr. Shaw was walking along Sixth street on election day and when at a point immediately in front of T. F. Manley's restaurant, his foot came in contact with a stake, which had been driven into the center of the pavement, and he fell violently to the ground, breaking his left arm.

The stake had been in the pavement for many years, but on each occasion when a frost occurred the end would protrude for several inches, making it an extremely dangerous object.

Mr. Shaw was much more seriously injured than was at first thought and is not yet able to return to his work. He considers it nothing more than right that the damage sustained should be made good, and will ask that his doctor bill, together with the time lost from his work, be paid by the city.

It is thought the matter can be adjusted without litigation, as Mr. Shaw will not ask a greater sum than will barely cover the amount of loss suffered. However, in case it becomes necessary the gentleman is prepared to substantiate his claim, as the stake has been removed and will be preserved. In addition to this it is said that several eye witnesses to the occurrence are ready and willing to testify.

## DETAILS SETTLED.

FINAL MEETING OF THE CONFERENCE COMMITTEE.

Agreement Between Manufacturers And Operatives Now in Shape for Signatures.

President Hughes and Secretary Duffy met with the chairman and secretary of the manufacturers' conference committee in the Potters' club rooms last evening and the few details which yet remained to be arranged, were completed.

The agreement is now in shape for the signatures of the parties thereto, and it will likely be signed today.

The manufacturers have already appointed their committees to look after the three questions still unsettled, and when President Hughes has consulted with the members of the various trades affected, the operatives' representatives will be announced. This will probably be done Monday.

The pottery at Peoria, Ill., has been closed and William George has severed his connection with the concern. Eight clay hands, who have been employed there, arrived in the city last evening, and will endeavor to secure employment at some of the local plants.

## BACK FROM FLORIDA.

Mr. and Mrs. C. Halstead Return—He Went There for Health And Got Fever.

Mr. and Mrs. C. Halstead returned to their home in the West End this morning from Fitzgerald, Fla. Mr. Halstead is ill with consumption and went to Florida several months ago for the benefit of his health. He was taken ill with fever and the doctors there ordered him to return to his home as soon as he was able to travel and his wife left for the south one week ago for the purpose of bringing him home.

They made a quick trip, having left Fitzgerald last Thursday morning.

## FREE DELIVERY ROUTES FIXED

The Service to Be Established at Lisbon Covering 84 Miles.

## 485 FAMILIES TO BE SERVED

There Will Be Four Routes, for Which Carriers Have Been Chosen—Another Route at Negley—Lucerne Postoffice to Be Discontinued.

Lisbon, May 4.—(Special.)—Lisbon is to be the center for rural free delivery service, which has been established by officials at Washington. Postmaster E. F. Moore has been working for this for some time, and has at last succeeded in having the lines established. Word from Washington says that the several routes cover 84½ miles, and that 485 families will be served.

Those appointed to carry the mails are Hugh Morrow, F. E. Huston, H. S. McBride and D. W. Pepple, all of whom are good, steady men. The establishment of these four routes will be good news to the many farmers who have been looking forward to the convenience. The postoffice at Lucerne will be abolished and mail will be sent here for distribution.

A route has also been established at Negley, serving 140 houses, and the postoffice at Anchor will be discontinued, the mail going to Negley. J. A. Thomas has been appointed carrier.

## PONY RAN AWAY

Became Frightened at a Car And Gave Those in the Vehicle a Scare.

The brown pony belonging to John McNicol ran off on Sixth street this morning, and the two young ladies who occupied the buggy with him jumped to save themselves.

The outfit was being driven up Franklin street when the animal became frightened at a car and stopped immediately in front of the car. It then turned into Sixth street and was making its way up the street at a rapid rate when captured by the driver of a baker's wagon. Young McNicol pluckily held to the lines and did his best to stop the runaway, but was unable to do so.

## GO TO BELLEFONTAINE

The G. A. R., W. R. C. And S. of V. Select Delegates to the Encampment.

Justice Rose, Justice McLane, M. Anderson and N. A. Frederick, representing the Grand Army; Mrs. R. L. Herbert, Mrs. T. O. Timmons, from the Woman's Relief Corps, and R. E. Nichols, S. T. Herbert, F. W. Timmons and J. J. Rose delegates and past officers of the Sons of Veterans will leave on Monday to attend the annual meetings of their several organizations, which will be held in Bellefontaine next week. The meetings promise to be the most successful ever held.

## CAUGHT A STRANGE BIRD.

Peculiar Feathered Biped Captured Near Salem.

Salem, May 4.—While rambling in the country yesterday a mile and a half northwest of the city, Conrad Reich and William Schroy captured a peculiar aquatic bird, which is thought to belong to some South American species. The bird measures 34 inches in length and three feet from tip to tip of its wings.

When first seen by its captors, it was swimming about in a pond, and ferociously attacked the dogs that approached it. After pursuing it for some time, however, Mr. Reich finally succeeded in seizing it by the neck and the bird is now a captive at the home of William Schroy in East Main street. It somewhat resembles a sand crane.

## EAST END.

### WELLS FOR THE POTTERIES

SUPPLY OF PURE DRINKING WATER IS FAVORED.

The Example of the Laughlin Plant in Providing It Likely to Be Copied.

Contractor Moore has moved his drilling machinery and engine from the Laughlin plant to the National pottery and will begin work on the well at that place at once. It is thought this well will be completed in about a week and the employees say that it cannot be done too soon, as they are heartily tired of drinking the unhealthy and impure river water. The well will do away with the necessity of purchasing ice during the summer, and it is said that the ice bills of the different shops for one season will more than pay for the expense of drilling.

It is said that a move is on foot among the employees of the East End plant to have a well drilled there. A prominent pottery man, in speaking of the matter this morning, said:

"I would not be surprised if this plan, which was first started by the kiln hands at the Laughlin plant, would reach every pottery in the city. The move was first started by the employees, but the manufacturers so far have contributed liberally and no doubt would do so at all the potteries. If the movement was started simultaneously in all the potteries in the city, no difficulty would be experienced in raising the required sum, as everyone would subscribe freely, knowing that he would be supplied with pure water, whether he held his present position or changed to some other plant. It would not be very good for the ice man and the doctors, as it would do away with the use of ice water in the potteries and would prevent a great many cases of fever and other illness which occurs every year as the result of drinking river water."

The matter is being considered at a number of the potteries and as a very small subscription from each employee would be sufficient to meet the expense it is likely the plan will be carried out.

### UGLY THREATS

ALLEGED TO HAVE BEEN MADE BY MARTIN ELLIOTT.

John C. Reed, of Georgetown, Says His Life Was Threatened—Case Dismissed.

Martin W. Elliott was arraigned before Justice Carman yesterday afternoon on a charge preferred by John C. Reed, of Georgetown, Pa., who alleged that "the said Martin W. Elliott did violently and menacingly assault him and did threaten his life."

The trouble was started over a load of hay, which, it appeared, Elliott had ordered from Reed and refused to accept, because, he says, it was not as good as it was represented. Hot words ensued and Reed was ordered to leave the shop. He did not do so and finally the lie was passed.

Reed stated that at this point Elliott seized a hatchet and started for him, threatening to "cut his heart out." Disinterested parties got between the men, and Reed repaired to the 'squire's office and swore out the warrant. In the hearing which followed the witnesses for each side swore to almost entirely opposite stories. The preponderance of evidence, however, was on the side of the defense, and as the charge was not sustained, the case was dismissed, the prosecution paid the costs.

### Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

**Wine of Cardui**

Rockford, Tenn., Aug. 16, 1899.

I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and decided to try your treatment. In nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

### FAMOUS OLD ALAMO

President McKinley and His Party  
Are Visiting San Antonio  
Today.

### GRAND RECEPTION AT AUSTIN

Gov. Sayers Met the Guests at Houston, Where Also There Was a Pleasant Welcome—President Spoke to Colored Students Near Prairie View.

Austin, Tex., May 4.—At 10:30 last night the presidential party left for San Antonio, famous for its Alamo and its Spanish missions, where this morning was to be spent. The train was due to arrive at San Antonio at 1:15, where it was to remain on a side track until time to arise.

The arrival of the train at Houston was heralded by a volley from a battery on the bank of the Buffalo bayou. Business had been suspended in Houston, and the surrounding country seemed to have emptied itself into the city. An elaborate program was crowded into less than two hours. The Houston Light Guards, the crack military company of Texas, which acted as guard of honor for Jefferson Davis on his visit there in 1875, and a company of cowboy rangers, escorted the party in carriages through the decorated city. For several blocks the parade moved between lines of school children, who waved flags and strewed the president's path with flowers. At a handsome arch on Polk avenue the president was presented with a floral piece by colored residents. Before a big and enthusiastic audience at the Auditorium Mr. McKinley was formally welcomed by the governor and made a happy response. Members of the cabinet also spoke briefly.

.. Touching Incident occurred. At the conclusion of the speeches a touching incident occurred. A feeble old lady came forward and presented Mr. McKinley with a small silk flag of the Lone Star state. She was the widow of Anson Jones, the last president of the republic of Texas. The wood of the staff was from the old capitol building at Columbia.

While at Houston the president shook hands with an old army comrade, J. U. Fellows, who was a sergeant in the Third Ohio when the

president was a private in the same regiment. Mr. Fellows was extremely proud of the fact that he had at one time outranked the chief magistrate.

At Prairie View, some miles beyond Houston, where the state normal and colored industrial school is located, a stop was made to permit the president to receive the greetings of the students and directors. The exercises took place at a cross road on the open prairie. The school buildings were discernable on the horizon. Thousands of western range horses, and every kind of nondescript vehicles, which had been used to bring the people, formed a novel picture. The president made an earnest speech, addressing himself entirely to the colored students.

Governor Sayers and other prominent state officials met the president at Houston, the first stopping place inside the state, and accompanied him as far as Austin, the capital.

Minute stops were made also at Hempstead, where the president shook hands with a number of people; at Brenham, the home of Colonel Geddings, one of the president's old colleagues in the house of representatives, and at Elgin, at each of which places he spoke a few words. At every station along the route there were cheering crowds.

The feature of the day was the reception accorded the party at Austin, which, like New Orleans, had never before had the honor of entertaining a chief magistrate of the nation. The city was profusely decorated and in the evening there was a brilliant illumination of Congress avenue. Austin never before held such crowds of people. They came from every direction, some hundreds of miles, and literally swamped the hotel accommodations of the city. It was estimated that over 20,000 visitors were here. As the population of Austin is only about 23,000, the tax upon its facilities can be imagined.

#### Aged Enemies Marched Together.

A procession, headed by a fine military band, and consisting of 15 companies of state militia and the Confederate veterans and Grand Army of the Republic organization, marching side by side, escorted the party to the east portico of the magnificent capitol building, where the president addressed a sea of enthusiastic people.

There was a delightful reception in the senate chamber, where the belles of Austin, noted all over Texas for their beauty, received the president and Mrs. McKinley. This function was one of the most charming yet experienced on the trip. Then followed a drive through the city to the State university, where the students, citizens and school children greeted the president.

Later Mr. and Mrs. McKinley, with

the ladies of the cabinet, dined informally at the governor's mansion.

#### To Promote Religious Tolerance.

London, May 4.—The last batch of addresses of condolence at the death of Queen Victoria and congratulation on his accession to the throne was presented to King Edward at St. James palace with the customary ceremonial. The deputations included Catholics, Jews and Presbyterians. The king's replies were practically identical. He promised to unremittently promote the enjoyment and blessings of religious liberty, tolerance, peace and good will among all classes and religious races.

## AN ISTHMIAN CANAL.

It is reported that Sir Julian Pauncefote will take with him to England a rough draft of a treaty prepared by Secretary Hay and approved by a majority of the United States senators. This treaty, which it is hoped England will ratify, is something of a compromise on each side. It abrogates the Clayton-Bulwer treaty and ensures the absolute neutrality of any canal which the United States may build across the isthmus of Panama. There is a strong feeling in many quarters that the ship canal, when built, shall be fortified and that the United States shall have absolute authority to keep it open or closed in time of war. But it will be as much an international waterway as the Suez canal, which, although owned and controlled by the British government, is open to the ships of all nations. As to fortification, Admiral Dewey and other naval experts say it would be a needless expense. The best defense the canal could have would be an efficient and well directed navy, and a few war vessels near the canal entrances would be far more effective in keeping enemy's ships away than any amount of land fortifications. The argument is a most forcible one.

The canal question is likely to be one of the most important that will come before congress at the next session. It should be settled and not dalled with, that the great work may be begun as soon as possible. There is no reason for delay. Commissions have made their reports and congress is in possession of as full information as it is likely to get as regards routes and probable cost. The nation is prosperous and can well afford appropriations for a work which, when completed, will be of incalculable benefit to the commerce of the United States and that of the whole world. President McKinley is reported desirous of seeing the canal begun during his term of office. It will be one of the great achievements of the twentieth century, and the present capable and conservative administration is just the one to see it started and started rightly.

With new possessions both in the eastern and western hemisphere the necessity for a canal becomes more apparent every day. The great work will be costly, but it will pay for itself in a few years. All intelligent, far-seeing men in the country are as eager as President McKinley to have the preliminaries settled and the construction of the great waterway begun. The isthmian ship canal has been talked of for a hundred years; the nation is now big and rich enough to take the subject in hand, cease talking about it and go to work.

## FIGHTING FOR DEAD LAWS.

Pennsylvania has some laws on its statute books that were made just after the Revolutionary war and have never been changed or amended. They relate to the observance of Sunday and forbid unnecessary labor on that day. Under them every street car, passenger train and steamboat not carrying the United States mails could be stopped from running on the first day of the week, so good lawyers contend. Yet nobody thinks of stopping these public conveyances, and fines under the antiquated blue laws are

few and infrequent. Peanut venders, sellers of ice cream and soda water, tobacconists and other small tradesmen who have not a pull with the authorities suffer now and then the penalty prescribed for Sabbath breakers. But the big mills, and railroad and street car companies, which are the chief offenders, are never hauled up or fined.

Yet there are people in Pennsylvania who say the blue laws are a good thing and shudder at the thought of abolishing them. Just now the Pennsylvania legislature is making its biennial attempt to repeal the antiquated laws and protests are pouring in from every quarter. A wholesome observance of the Sabbath is a very excellent thing. But how many people of today would care to walk to church or to have the Sunday trains stop running? How many would like cold dinners, cooked on Saturday, that the cook might rest on Sunday? How many would bar the visits of the milk man and the baker, that their horses might rest? These were the rules that our ancestors followed, but conditions have changed in the last hundred years. Laws that are dead letters are useless; laws that cannot be enforced, and which, if enforced, would cause murmuring and discontent from all classes, had best be wiped out.

The great army of American glass workets are to get an advance of 15 per cent in wages. They would have waited in vain for it had Bryan been elected.

Editor Bryan talks about "apparent prosperity." If he would publish a good paper he might get a glimpse of the real thing.

Editor Bell, of Lisbon, ought to be glad that lightning doesn't strike twice in the same place.

Merchants who advertise will not fail to get their share of the general prosperity.

The Filipino insurrection is now confined to a narrow strip of New England.

Bryan is still for the 1896 platform. The world moves, but he doesn't.

## WONDERFUL CATCH OF FISH

**Six Hundred Pounds Taken by One Man, Who Used a Clothes Line for Stringer.**

Wooster, O. May 4.—Pitchforks, rakes, hoes and clubs have been the instruments used here during the last few days by men and boys in landing great catches of fish, which weighed from a pound to 20 pounds. All were caught in the lowlands south of the city. It is supposed that the fish were washed out of a private pond, and when the recent flood receded were left in shallow water.

Hundreds of pounds were captured with but little effort. James Kimber, a farmer, is credited with the greatest catch, netting so many that he used the family clothes line for a stringer. It is said that Kimber's haul weighed 600 pounds. The oldest inhabitants have no recollection of so many large fish being caught in the creeks hereabouts. The fish were German carp.

## France's Indemnity Figures.

Paris, May 4.—The French foreign office corrected the figures of the indemnity to be demanded from China, as cabled to the foreign office by M. Pichon, the French minister at Peking, purporting to be taken from the report of the committee on indemnity and telegraphed to the Associated Press May 1. They are 1,635,000,000 francs, which may be reduced. These figures provide for expenses up to July 1.

### SPECIAL MEETING CALLED

Residents of Upper Chester Not Satisfied With the Proposed Site of the School House.

President Thompson Allison called a special meeting of the board of education of Grant district this morning. The object of the meeting was to consider a proposition to locate the new school house, which is to be built the coming summer, at a point nearer the upper portion of town.

Much comment is being made by residents of the lower end, and speculation is rife as to what the outcome of this meeting may be. The site selected, which is on the knoll to the rear of the U. P. chapel, has already been bought and paid for. The residents of the upper town vigorously opposed locating the school building at this point, claiming that it was not near enough to the center of the town.

It is rumored that a bonus has been offered by the residents above, and as a result the location will be changed.

#### A Pleasing Entertainment.

A large audience listened to Prof. Charles La Roche and Miss Edna Yarnell in the musical and elocutionary entertainment at the M. E. church, Chester, last night. The work of both performers was excellent and the audience was well pleased with the affair. Quite a neat sum was realized.

Directors' Meeting Held And Encouraging Reports Received—Boys' Band Growing.

The regular meeting of the board of directors of the Y. M. C. A. was held last night and most encouraging reports received of the progress of the work.

At least two delegates from this city will attend the jubilee convention at Boston June 11-16.

Mr. Kaylor will speak tomorrow at the Y. M. C. A. hall at 4 p. m. on "Conscience." As this may be the last time that Mr. Kaylor can be heard at the association a good audience is expected.

The boys' band is growing. Last Sunday 44 were present.

Wednesday the secretary gave the boys one of his "good times" in the shape of a phonographic entertainment. Mr. G. B. Pattison loaning the instrument.

Tomorrow the regular Sabbath meeting will be held at 2 p. m.

## EPWORTH LEAGUE

Its Convention Closed Last Evening After Highly Interesting Addresses.

The sub-district convention of the Epworth League, which was in session at the First Methodist Episcopal church, closed last night. William Morris gave a reading on "The Reading of the Appointments." Mrs. Charles Phillips rendered a solo and two very beautiful anthems were rendered by the choir. Rev. G. W. Orcutt preached an eloquent sermon, taking for his subject "The Epworth League Retrospective—Prospective," and Rev. Earl D. Holtz, D. D., of Wellsburg, also made a fine address, taking for his subject "The Need of a Personal Pentecost."

William Moren, of this city, was recommended for president and Miss Maud Runyon, of Knoxville, was recommended for secretary. Resolutions of thanks were then read by the president and the convention adjourned. The district convention of the League will be held at Martin's Ferry next month.

#### When Mrs. Gilbert Lost Her Spectacles.

The only time I resented newspaper chatter was when I had my spectacles stolen. They were snatched from my belt, the case I wore there being torn away. I spoke of it to Mr. Dorney, and the story went round the theater. Somehow the reporters got hold of it, and they made a great deal about it. It was really too bad of them. I felt it the more because I had managed to keep a much more serious theft an absolute secret. That was at the time when so much fun was being made of the "robbery of jewels" form of the theatrical advertisement. I had a very valuable pair of earrings taken from my pocket most cleverly, and I was on my way to play for a charity too! However, I kept my loss quite to myself. And then to be brought before a sympathetic public as the loser of a pair of spectacles!—From "The Stage Reminiscences of Mrs. Gilbert" in Scribner's.

#### When Horace Greeley Lost His Hat.

A very distinguished assemblage honored Grant's ball, which was held in the newly completed north wing of the treasury building. Elaborate preparations were made for dancing, the manager, by telegraphic communications, keeping the dance moving simultaneously on three floors. But the man who preferred eating to dancing and could not get even within the sight of food was not well pleased. Refreshments were served in the basement, in a room too small to accommodate the 6,000 guests, but large enough to contain the provisions, which were scarce indeed. In the cloakrooms the committee in charge lost their heads, visitors lost their hats, and it is stated on good authority that the sulphurous vapors which rose in the vicinity of the place where Horace Greeley searched for his hat during two hours were stifling.

It is recorded that one gentleman walked to Capitol hill, two miles distant, in dancing pumps and bareheaded and that many frightened women still covered in the corners of the dressing rooms at dawn the next morning. So, in preparing Grant's second ball, the committee made elaborate arrangements in order that these unpleasantnesses should not again occur.—National Magazine.

## THE CHINESE WERE AFRAID

Minister Conger Told of the Outbreak  
in China—Unwritten History Was  
Given Old Friends at Des Moines  
Reception.

Des Moines, Ia., May 4.—A public  
reception was tendered to Minister  
Conger in the Auditorium, under the  
auspices of the G. A. R., of Des  
Moines. Speeches were made. Min-  
ister Conger will leave on Monday for  
Washington to consult with the de-  
partment with regard to his duties.

In the course of his reply to the ad-  
dress of welcome, referring to the  
Boxer uprising in China, Mr. Conger  
said in part:

"But there is a history connected  
with this affair which I have not seen  
in print, and about which I will tell  
you. The organization which is  
known as the Boxers has been in ex-  
istence more than a hundred years,  
but had long ceased to be of impor-  
tance. Two Buddhist priests in the  
province of Shang Tung some time in  
the year 1899 revived the organiza-  
tion, or made an organization which  
took the name of the other one. Some  
have said it was a patriotic organiza-  
tion, but it was in fact at the outset  
a religious movement. The priest  
who was at the head has since been  
captured, tried by a German court and  
executed.

"The priests professed to have su-  
pernatural powers. The society  
spread in Shantung province. There  
was never any danger from it until  
it was taken up by General Yu Shen,  
the governor of the province.

"The priests pretended they could  
call down from the skies millions of  
warriors fully armed and equipped,  
and that they would form an army  
to drive out of China everything that  
was foreign. They pretended that  
they could, by certain rites and cere-  
monies, make their bodies impervious  
to bullets.

"But there had not been a foreigner  
harmful in Shantung province up to  
this time. Rev. Dr. Brooks, a mis-  
sionary, was killed more by accident  
than by design. General Yu Shen  
secured the assistance of a powerful  
prince.

"Soon the societies spread over  
into Chi Li province, in which Peking  
is situated, and all of the foreigners  
were commanded either to recant or  
suffer death."

Minister Conger stated that all of  
the time of the siege there was the  
filmiest possible veil between the in-  
igation and death. "It could have  
been brushed aside by one charge,"  
he said, "and would have been, if the  
Chinese had possessed the courage."

## MUST OBSERVE THE SABBATH.

Law and Order League Force It at  
Kansas City.

Kansas City, Mo., May 4.—Mayor  
Reed issued a positive order that all  
saloons must be closed on Sundays.  
The police commissioners had re-  
fused the demand of a special com-  
mittee of the Law and Order league  
to enforce the Sunday closing law and  
the league began preparations to se-  
cure the impeachment of these offi-  
cers.

After a long conference Mayor  
Reed and Police Commissioner Greg-  
ory have signed an order notifying  
Chief of Police Hayes that hereafter  
all saloons must be closed from mid-  
night Saturday to midnight Sunday,  
and instructing him to arrest all vi-  
olators of the closing ordinance.

Commissioner Ward refused to sign  
the order.

## RESIGNATION WAS FORCED.

Emperor Called Upon One of His  
Ministers to Quit.

Berlin, May 4.—It has become  
known that the resignation of Dr. von  
Miquel, as minister of finance, was  
enforced, but instead of Dr. von Lu-  
camus, chief of the emperor's civil  
cabinet, who usually bears such direct  
messages from the emperor, it was  
Baron von Wilmowski, chief of the

finance, who requested Dr. von  
Miquel to resign in the emperor's  
name.

Dr. von Posadowsky-Wehner, sec-  
retary of state for the interior, is ex-  
pected to be Dr. von Miquel's suc-  
cessor, while General von Podbielsky  
succeeds Baron von Hammerstein as  
minister of agriculture, who leaves  
office because of deafness and gen-  
eral debility. Herr Brefeld, minister  
of commerce, was said to be going  
involuntarily.

## A RESOLUTION VETOED.

Governor Stone Refused to Sign One  
Passed by the Legislature.

Harrisburg, May 4.—Governor  
Stone vetoed the resolution providing  
for the appointment of nine commis-  
sioners to draft and report to the leg-  
islature of 1900 a general corporation  
law to take the place of the act of  
1874 and its supplements. Governor  
Stone says it would result in con-  
fusion. He also vetoed a bill provid-  
ing a pension of \$12 a month for  
Philip L. Brassing, a former member  
of the national guard.

The bill authorizing boroughs to  
provide a supply of water for public  
use either by the erection of water  
works or by contract with persons or  
corporations authorized to supply wa-  
ter within the limits of said borough  
or by both methods, was approved.

## Mother of Sankey Dead.

New Castle, Pa., May 4.—Mrs.  
Mary Sankey, aged 90, mother of Ira  
D. Sankey, the evangelist, and singer,  
died at her home in this city. Mrs.  
Sankey was the daughter of John  
Leeper, one of the pioneer residents  
of Lawrence county, and her entire  
life was spent in this community.  
She was the mother of 11 children,  
seven sons and four daughters. The  
surviving members of the family are  
Ira D. Sankey, of Brooklyn, N. Y., and  
Watson Sankey, of Mohasset, Mass.

# The Want of Working People.

When the working man or woman feels sick—liver, stomach or kidneys  
are out of gear—then Dr. A. W. Chase's Kidney-Liver Pills do a  
world of good acting directly on these organs and the bowels.

## EAST LIVERPOOL.

Mr. L. H. Mara, 1301 Columbus Avenue, Bay  
City, Mich., by overwork and too assiduous at-  
tention to his business, brought on an attack of  
kidney trouble, which made it necessary for him  
to leave off working at times. He states:  
"On the recommendation of Mr. Geo. Leyer,  
druggist, of this place, I purchased a box of Dr.  
A. W. Chase's Kidney-Liver Pills for my kidney  
trouble. They acted so well in relieving my pain  
and backache that I persisted in the use of them  
until perfectly cured of my  
trouble. I am a well man now,  
thanks to the use of Dr. A. W.  
Chase's Kidney-Liver Pills."

## DETROIT.

Mr. Levi Elsey, 805 McDougal Avenue, Detroit,  
lived for years expecting death from heart fail-  
ure and Bright's disease, but was cured by a few  
boxes of Dr. A. W. Chase's Kidney-Liver Pills. He  
writes: "For years I lived in constant fear that I  
should meet death through kidney trouble. I was  
troubled terribly by pains in my back and about  
the heart. My troubles are now over, for Dr. A. W.  
Chase's Kidney-Liver Pills have made me well  
again. I will gladly answer any letters about this  
wonderful medicine."

## COUNTY AND NEIGHBORHOOD.

Mrs. Rachel Armitage, aged 87, died  
at Berlin Center.

A survey has begun for a proposed  
street railway from Monaca to Cora-  
opolis, Pa.

Minnie Gresser, aged 22, of Alliance,  
was frightfully burned, her clothes  
taking fire from burning rubbish.

the Philippines during the past 25  
months, have arrived home at Wells-  
ville.

The Lisbon steam laundry has been  
sold by H. P. Jones to H. J. C. Maine,  
of Plano, Ill. Possession was given  
this week.

A rural free delivery route has  
been authorized for Garrettsville,  
Portage county. The route will be es-  
tablished June 1.

Rev. J. L. Grimm, of Belle Center,  
O., has received a unanimous call to  
the First Presbyterian church of Saline-  
ville, and will accept.

The East Palestine town council pro-  
poses to enforce the law compelling  
each citizen of the village to do two  
days' work on the street or pay its  
equivalent in cash.

J. T. Evans, an experienced driller  
from Armstrong county, Pa., is at  
East Palestine, prospecting for oil ter-  
ritory. If sufficient acreage can be  
leased he proposes to drill a number of  
test wells.

An effort will be made to exclude  
the saloons from Unity township. The  
preliminary work is in the hands of  
the Anti-Saloon League, and it is ex-  
pected that a vote on the question will  
be taken about June 1.

body being cut in two at the waist.

## Warden Ruckel Upheld.

Akron, May 4.—To make the inves-  
tigation a matter of record the grand  
jury reported no bill against Game  
Warden Charles Ruckel, who shot and  
killed Edward Frye, a grill netter. It  
was shown that with his last breath  
Frye wished he had killed Ruckel.

# Springtime

Is the sweetest season in human life, as  
it is in Nature generally. It is the time  
of promise. As the young girl draws  
near to that mysterious line "Where  
womanhood and girlhood meet," her  
whole destiny is in a measure being de-  
termined. How often the sweet  
young girl, under the influence of  
the change, with-  
ers and droops  
like some blighted  
bud. Nature gen-  
erally needs some  
little help at this  
critical period, and  
this help in its  
best form is con-  
tained in Doctor  
Pierce's Favorite  
Prescription. It  
establishes regu-  
larity, and gives  
the vigor of per-  
fect health to the  
womanly organs.  
It contains no al-  
cohol, neither op-  
ium, cocaine, nor  
other narcotic.

Miss Emma Lee, of  
Williford, Sharp Co.,  
Ark., writes: "I was  
suffering severely and  
tried several doctors'  
remedies, but received  
only very little relief;  
therefore, I feel it my  
duty to write and let  
other sufferers know what your 'Favorite Pre-  
scription' and 'Golden Medical Discovery' have  
done for me. I took  
'Pleasant Pellets,' have done for me. I took  
'Golden Medical Discovery,' six vials of the  
'Pleasant Pellets,' also one bottle of your 'Compound  
Extract of Smart-Weed.' As soon as I had taken  
the first bottle I could see that the medicine  
was helping me. I had disease of internal or-  
gans with bronchitis and catarrh. I also used  
the local treatment you suggested."

The sluggish liver can be cured by  
the use of Dr. Pierce's Pleasant Pellets.

## LOSS OF \$15,000,000

Great Fire Raged For Ten Hours  
In the City of Jackson-  
ville, Fla.

### SIX LIVES WERE PERHAPS LOST

One Report So Stated, While Another  
Said Casualties Could Not Be Ac-  
curately Estimated — Estimated  
About 10,000 to 15,000 Homeless.

Jacksonville, Fla., May 4.—The fire  
in this city, which began in a small  
factory, from a defective wire, ac-  
cording to the best belief, burned for  
nearly 10 hours. In that time a prop-  
erty damage estimated from about  
\$10,000,000 to about \$15,000,000 was  
caused.

According to the city map, 130  
blocks were burned, many of them in  
the heart of the business and resi-  
dence section. The estimate of  
houses to the block is 10, hence, it  
was estimated, about 1,300 of them  
went up in smoke. Many of the finest  
public and private buildings were de-  
stroyed, including hotels, theater,  
churches and residences.

#### At Least Several Casualties.

The casualties could not be ac-  
curately estimated last night. That  
there were several seems to be well  
authenticated. Among them was that  
to the fire chief, who sustained a bad  
fall.

The mayor ordered all of the sa-  
loons closed, and impressed help to  
clear the wreckage.

The mayor stated that he estimated  
the loss at about \$15,000,000 and that  
about 10,000 to about 15,000 people  
were homeless.

Jacksonville, Fla., May 4.—A dis-  
astrous fire occurred along the entire  
length of Beaver street, from Davis  
street to the creek on Liberty street.  
This is 14 solid blocks of residences.  
For the same distance Ashley and  
Church streets have both been com-  
pletely blotted out. When the fire  
reached Bridge street in its eastward  
course it enveloped in flames three  
blocks, Duval, Monroe and the north  
side of Adams, burning up that entire  
section of the city and running 14  
blocks to the Duval street bridge.  
How much further in that direction  
the city is burned it is impossible to  
learn, the street being impassable,  
but it is feared that St. Luke's hos-  
pital was burned, and a report says  
the Presbyterian church in East Jack-  
sonville is ablaze. If this is correct  
the fire must have extended about  
one block further east. The conflag-  
ration has covered, as far as is  
definitely known, a distance of about  
two and a half miles by about half a  
mile wide.

When the fire reached Julia street  
it was a roaring furnace, without any  
prospect of being put under control.  
The local military companies were  
called out to keep back the crowds  
and the fire department began to use  
dynamite to blow up the houses a  
block from the fire and thus prevent  
the fire from spreading. So fierce  
was the blaze, however, and so strong  
had become the wind that millions  
of sparks and flying burnish shingles  
spread over five or six blocks, setting  
the roofs of the houses on fire in ad-  
vance of the department. Soon Sen-  
ator Taliaferro's residence, then the  
adjacent houses on that block were  
ablaze, and in spite of the efforts to  
save the Windsor and the St. James  
hotels, both hostleries were quickly  
enveloped in flames. For about an  
hour the guests in the Windsor had  
been busily packing their trunks and  
went away loaded with trunks and  
grips, some unfortunately to the  
United States hotel, but most of them  
to Riverside.

#### Flames Leaped Across the Street.

Leaping across the street from the  
Windsor, the flames attacked the  
Zills house and then the Methodist  
parsonage, and in a few moments the  
Trinity Methodist church was a mass  
of flames. The opera house block fol-  
lowed and the Richards and Living-  
stone boarding houses. A desperate  
effort was made to save the Bald-  
win mansion, which was recently  
purchased by the Elks. No earthly  
power could save this building, and  
that entire block and the one east  
was quickly a mass of flames. Once  
the fire got started on Main street,  
the closely adjoining buildings went  
one after the other. Paint shops,  
with barrels of oil, were plentiful in  
this district, and as they caught fire  
one after the other the blaze, rising  
hundreds of feet high, quickly set the  
buildings across the street on fire.

Then the Hubbard hardware store  
caught, and the people scattered when  
they saw what had happened. Hun-  
dreds of pounds of powder and a great  
deal of dynamite were stored in this  
building. In about 10 minutes there  
was a roar and the building collapsed  
like an eggshell. The dynamite and  
the powder had exploded. Here again  
there was much danger for the fire-  
men. Cartridges began to explode  
and bullets began to fly around, and  
the effort to fight the flames at this  
point had for a time to be abandoned.  
This was only the start of the most  
intense part of the fire.

#### Fire Spread With Rapidity.

The new Furchgott building was  
soon ablaze and then quickly the  
Gardner building was also a mass of  
flames. Down the street the fire  
spread with rapidity and the entire

section of Bay street from Market to  
Main street, and extending for about  
five blocks back, was burning all at  
once.

The city building went, the central  
fire department station, the armory,  
the county court house, the clerk's  
office, with the county records, the  
criminal court house, the city jail and  
the Catholic church and orphanage,  
St. John's Episcopal church and the  
Catholic convent. All this destruc-  
tion was wrought in less than four  
hours.

The fire was checked at the inter-  
section of Laura and Bay streets,  
where the Commercial bank is lo-  
cated, which went up in flames, the  
Western Union telegraph office being  
across the street, and not damaged.

Among the prominent hotels burned  
were the St. James, the United States,  
the Placide and the Windsor.

It is impossible at the hour of send-  
ing this dispatch to ascertain the  
losses, but it was estimated by insur-  
ance agents that it will be between  
\$8,000,000 and \$9,000,000.

Six lives were reported lost in the  
conflagration.

The mayor called a meeting of the  
city council for today to consider  
ways and means of relieving the suf-  
ferers.

### CAN'T EVADE IT.

Positive Proof From East Liverpool  
Can't Be Brushed Lightly  
Aside.

The reader is forced to acknowledge  
that convincing proof in his own city  
is preeminently ahead of endorsements  
from everywhere else in our republic.  
Read this:

Mr. W. P. Cochran, of Mulberry  
street, East End, says: "At intervals  
for 30 years I had serious kidney and  
bladder trouble. The agony I went  
through can hardly be described.  
Many nights I rolled from one side  
to another trying to find an easy posi-  
tion for my back. I could not move  
without having sharp twinges of pain,  
and I was also troubled with urinary  
difficulty, the secretions being very  
irregular, and at times very distress-  
ing. I ran down so that I could hardly  
help myself. Doctors treated me. I  
took a power of stuff and I had given  
up all hope of being cured when I  
saw Doan's Kidney Pills advertised  
as a never failing remedy. I got a  
box at W. & W. pharmacy, and after  
taking half of it I could see some im-  
provement. I continued and the treat-  
ment did me more good than any-  
thing I ever used."

# HOME AFFAIRS.

**Brief Notes of a Personal Nature And of Matters About Town.**

**East End Population Increased**—Born, to Mr. and Mrs. William Proctor, of the East End, a son.

**Moved from Salineville**—The household goods of John Findley were received at the freight station yesterday from Salineville.

**Freight Very Heavy**—The Cleveland & Pittsburg Railroad company placed two shifting engines in this city today owing to the fact that freight was very heavy.

**Match Game Today**—The Buckeye base ball team and the kilnhands of the K. T. & K. plant are having a match game at Rock Springs park this afternoon.

**Brown Accepts**—Campbell Brown states that he will accept the challenge of George Drake for a bicycle race, and that he will meet him at any time, place and for any amount.

**Convention Postponed**—The county Prohibition convention was to have been held in this city last evening, but it failed to materialize. The leaders of the party, after due consideration, decided to postpone the meeting until after the state convention.

**Justice McCarron Improving**—Word has been received from Justice H. P. McCarron, who is undergoing treatment at the Lakeside hospital, Cleveland, for the past two weeks. The squire is getting along remarkably well, and hopes to be home next week.

**Hospital Directors Met**—The board of directors of the Hospital association held a meeting last evening and transacted routine business. The board have several matters of a private nature under consideration at present, and they will be disposed of as soon as possible.

**Annual Parish Meeting**—The annual parish meeting of St. Stephen's congregation will be held in the parish building on Monday evening at 8 o'clock. The business of the year will be settled up and all accounts presented. The election of officers for the coming year will also be held.

**Pleasantly Entertained**—The former Sabbath school scholars of Miss Anna Myers were delightfully entertained by that lady at her home on Fifth street last evening. The evening was spent in music and games. A dainty luncheon was served and the affair was greatly enjoyed by all.

**Sophomore Class Officers**—The sophomore class of the East Liverpool high school organized yesterday afternoon. Officers were elected as follows: President, Clarence Bauman; vice president, William Cripps; secretary, Georgia Croxall; vice secretary, Hazel Hanley; treasurer, Mary Hill.

**No Union Label on Them**—The new helmets which were ordered for the police of this city arrived yesterday. When they were opened it was discovered that they did not have the union label on them and they were today shipped back to French & Co., of New York, from whom they were purchased.

**Library Board Meeting**—The public library board met in its rooms last evening with Members Peach, Weisend, Logan, Gilbert, Eardley, Hodge and Prof. Raymond present. The session lasted but a half hour, during which time routine business was transacted. Bills amounting to \$30 were ordered paid.

**Jamison-Wells Case Dropped**—The case of Charles Jamison versus Clifford Wells, for attempting to provoke a breach of the peace, begun in the court of Justice McLane Thursday, and which was to have been tried yesterday afternoon, did not come up. Jamison withdrew the charge yesterday and the matter was dropped.

**Cars And Engine Off**—The shifter was in hard luck yesterday morning while at work in the upper yards. The engine jumped the track and it was necessary to call another engine from Wellsville to place it on the track. After they had been working a few minutes the cars took the jumps and a number of them were off the track. The crew was delayed over three hours in their work by the accidents.

**Will Have a Rummage Sale**—At the meeting of the Woman's Relief Corps yesterday afternoon the ladies decided to hold a rummage sale in the near future. Committees will be appointed at the next meeting and it will also be decided at that time when the

affair will be held. The delegates to the state convention received their credentials at the meeting yesterday.

**Drops the Case**—Justice McLane is in receipt of a letter from Ella Ammon, the Pennsylvania girl who came here some time ago in search of a man named William Darrall, who was alleged to have wronged her. She now resides in Fayette City, Pa., and says she will not pursue the matter further. Complaint was made in Justice McLane's court at the trial, but the authorities were unable to locate the man.

**Cooking Club Meeting**—The East Liverpool Cooking club held a very enthusiastic meeting last evening at the home of Miss Margaret Cuthbert on May street, West End. Miss Cuthbert had made special preparation to entertain the ladies of the club and the event was a very enjoyable one. The dining hall was beautifully decorated and the banquet, which was the result of these young ladies' experiments, exquisite.

**Had a Close Call**—A man whose name could not be learned, but whose home is claimed to be at Cook's Ferry, had a narrow escape from death yesterday afternoon. He wanted to catch the train which goes east at 4:06 p. m., and as the train had pulled out from the station he ran to the crossing at Second street and made an attempt to jump on. He missed his hold and was falling under the train when an Italian, who was at work repairing the crossing, seized him and pulled him out of harm's way. He received a hard fall, but other than a few bruises was none the worse for his experience.

## LADIES' AUXILIARY

HELD AN ENTHUSIASTIC MEETING AT Y. M. C. A. ROOMS.

A Board of Managers Appointed And Preparation Made for Earnest Work.

A very successful meeting of the Ladies' Auxiliary of the Y. M. C. A. was held at the association parlors yesterday afternoon. Notwithstanding the fact that the time of meeting conflicted with the meeting of the Epworth League convention at the M. E. church and with the regular meeting of the G. A. R. Woman's Relief Corps and that housecleaning is now going on, over 30 were present.

The constitution provides that the Ladies' Auxiliary shall be managed by a board of management, consisting of 15 members, or one from five or more denominations, to be appointed by the president of the Y. M. C. A. in consultation with the general secretary, and the following board was appointed: U. P., Miss Grace Ogilvie, Mrs. A. E. McLean, Mrs. Stevenson, Miss Alda Manor, Mrs. J. Wilson, Miss Anna Pope, M. P., Mrs. S. P. Antrim, Miss Jennie Rowe, Miss Josie Burford, Christian, Miss Vodrey, Mrs. Clements, Mrs. Nease, M. E., Mrs. T. Pickal, Miss Bulger, Mrs. Thomas McCann, Mrs. C. A. Boyce, First Presbyterian, Mrs. Allison, Mrs. Dr. Norris, Mrs. Dr. Hobbs, Mrs. G. B. Pattison, Mrs. R. E. Rayman, Episcopalian, Mrs. Dr. Trimmer, Mrs. Lynch. Other members are yet to be appointed.

This board will meet on the evening of Thursday, May 16 to elect officers and transact such other business as may come up.

It was voted to give a reception to the new members of the association on the evening of Tuesday, June 4, the reception being to members and their lady friends and committees.

All seemed enthusiastic as to the outlook, and to judge from the spirit of yesterday's meeting the work will be vigorously forwarded.

**The Man and the Rope.**  
A Chinaman who had been condemned to wear the cangue, or wooden collar, was seen by some of his friends. "What have you been doing," they asked, "to deserve this?" "Oh, nothing," he replied. "I only picked up an old piece of rope." "And are you to be punished thus severely," they asked, "for merely picking up an end of rope?" "Well," answered the man, "the fact is there was a bullock tied to the other end."—H. A. Giles' "History of Chinese Literature."

# MINISTER'S SACRIFICE.

Rector Who Received About \$13,000 Yearly, Now a Priest at \$900.

Washington, May 4.—Rev. Edward Buckley, the Episcopal clergyman who was once in charge of St. John's church, Newport, and who recently embraced Catholicism, has been appointed assistant pastor of St. Matthew's church, this city.

Mr. Buckley was ordained a priest Wednesday morning in the cathedral of Baltimore by Cardinal Gibbons, and was at once assigned to duty here. Friday he was to say his first mass at the Holy Trinity church, in Georgetown, before a distinguished congregation of prelates and laymen. The robes which he was to wear on this occasion were presented to him by Stuart Coates and are richly embroidered in gold on white silk.

Father Buckley is the eldest son of the late Justice M. V. Buckley, of Georgetown, and was born within a stone's throw of the old church where he was to say his first mass. He comes of Episcopalian stock.

His position at St. Mary's will be a subordinate one, the rector being Rev. Thomas S. Lee, a scion of the historic family of Virginia. His salary will be \$900 per annum. At St. John's, Newport, which was recently the scene of the French-Vanderbilt wedding, his income was about \$18,000 a year.

St. Matthew's is attended by the diplomats and the wealthy Catholics of the capital.

## TO TAX MALT LIQUORS.

A Bill Reported to the Pennsylvania House.

Harrisburg, May 4.—The order of business in the house Friday was senate bills on second reading. There was a slim attendance and the business was disposed of in short order. The bill providing for the extinguishment of any ground rent, annuity or other charge upon real estate after 21 years, and making the same applicable in cases where the commonwealth is a party claimant, the same as in the case of other parties, was amended by Mr. Bedford, of Philadelphia, so that it shall not apply to lands or minerals beneath and co-extensive with rivers and public streams.

A bill taxing 1 cent a gallon on ale, porter and beer brewed in Pennsylvania was reported from the ways and means committee and may be read the first time Monday night.

The house adjourned until Monday evening, about 8 o'clock being the time selected to meet.

The general appropriation bill, carrying an appropriation of \$15,032,024, was reported to the house by Chairman Bliss. The bill has already passed first reading and will be taken up next week for second reading. It carries an appropriation of \$11,000,000 to the public schools for the next two years. Of this \$400,000 is to be applied to the state normal schools and \$50,000 for township high schools.

## CIVIL GOVERNMENT

Inaugurated at Manila, But Not Elections There at Present.

Manila, May 4.—Civil government in Manila was established as a preliminary to the inauguration of a general civil government. The United States Philippine commission is unwilling at present to permit the experiment of elections here, although they have been authorized in all the other municipalities. Judge Taft says a municipal government for Manila will shortly be created. The officers will probably be appointive. Lepanto and possibly all the other uncivilized provinces will be organized specially on a plan similar to that adopted in the case of Benguet.

The board of health has completed the census of Manila. The population numbers 244,732.

The trial of Lieutenant Boyer, charged with commissary irregularities, has been completed. The verdict has not been announced.

The trial of Captain Barrows, also charged with commissary irregularities, begins Monday.

David Porter Rosemiller Dead.

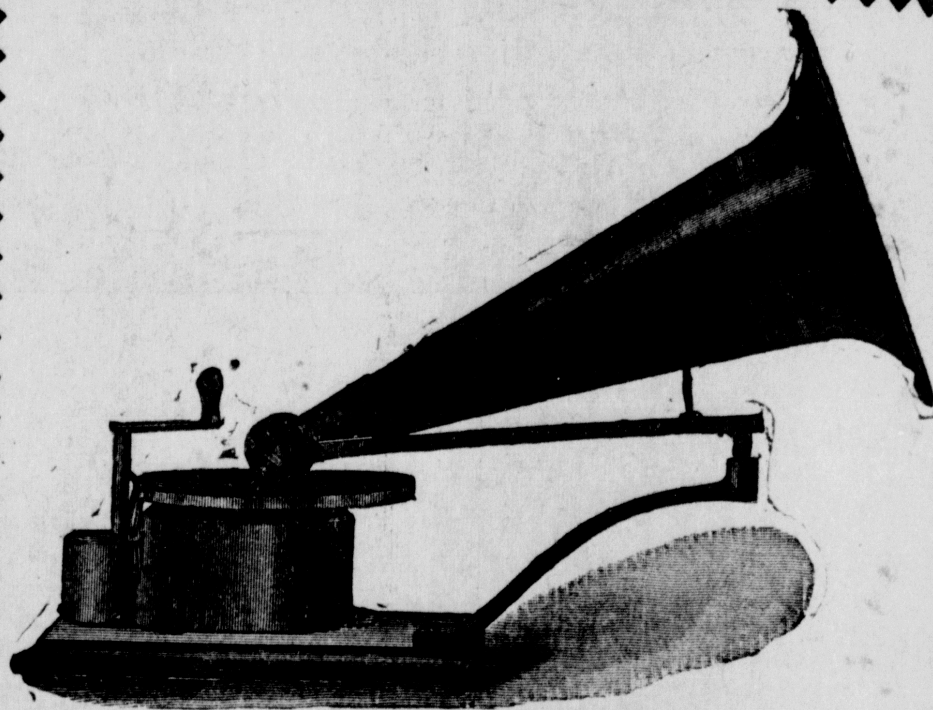

Lancaster, Pa., May 4.—David Porter Rosemiller, formerly mayor of this city, died of tetanus, the result of a cancer. Mr. Rosemiller left college in 1861 to enter the United States navy. He was executive officer of the Essex, the sloop of war which blew up the rebel ram Arkansas. After the war he was elected to the state legislature and was made district attorney of Lancaster. Mr. Rosemiller was a near relative to Admiral Porter.

## A Young Man Shot.

Bordentown, N. J., May 4.—Arthur Sprouls, aged 19 years, was shot by an unknown person, the bullet taking effect in the young man's left shoulder. It is believed the deed was prompted by jealousy. Recently Sprouls received three anonymous letters ordering him to return a ring to Irene Pierce, a young woman of this place, and threatening him with bodily harm. It is believed the wounded youth is seriously injured.
